## Lake Villa wants its own school district

by ALEC JUNG  
Lakeland Newspapers

A group of Lake Villa and Lindenhurst residents are presenting a proposal for a consolidated school district from kindergarten to grade 12.

The proposal would involve four school districts, Lake Villa District 41, Antioch District 34, Millburn District 24, and Antioch District 117, according to Joyce Henneberry, a member of the group and Lake Villa District Library Board

president. She said the district would encompass areas contiguous to Lake Villa and Lindenhurst and wouldn't include all of Lake Villa Township.

The reasons for such a proposal are: Community identity; easing burdened school districts; unified curriculum and savings in administrative costs, according to Henneberry.

"We hear the complaint from Grayslake why should we pay for Lake (Continued on page 57)

## Referendum steering committee announced

by MARY FOLEY  
Lakeland Newspapers

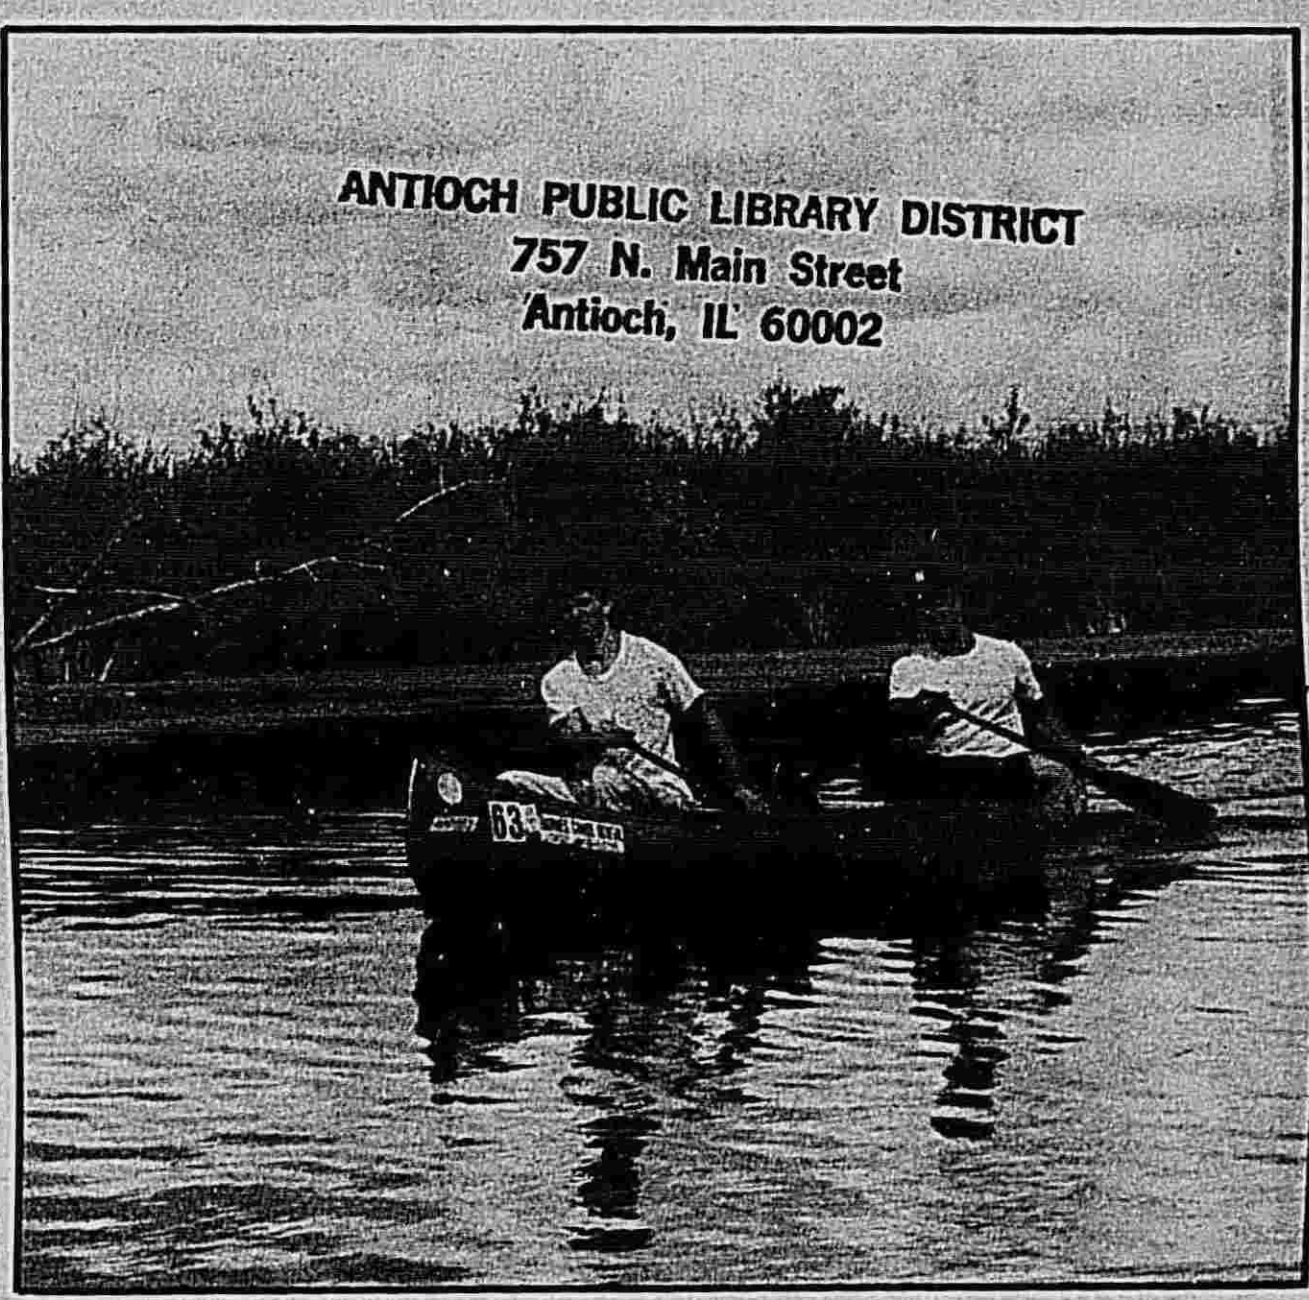

The members of the steering committee were announced in another organizational meeting at Antioch High School.

Don Mertic and Pam Podstawa have been named co-chairpersons of the steering committee. Mertic is the executive director of the Central Baptist

Children's Home in Lake Villa.

"I am very interested in seeing a good school," Mertic told the audience. Mertic is a resident of Lake Villa with several grown children.

Podstawa is a local real estate professional. She is a lifelong resident of Antioch and told listeners that in her business, she has run across potential (Continued on page 9)

## Space Center prepares teachers for rocket launch

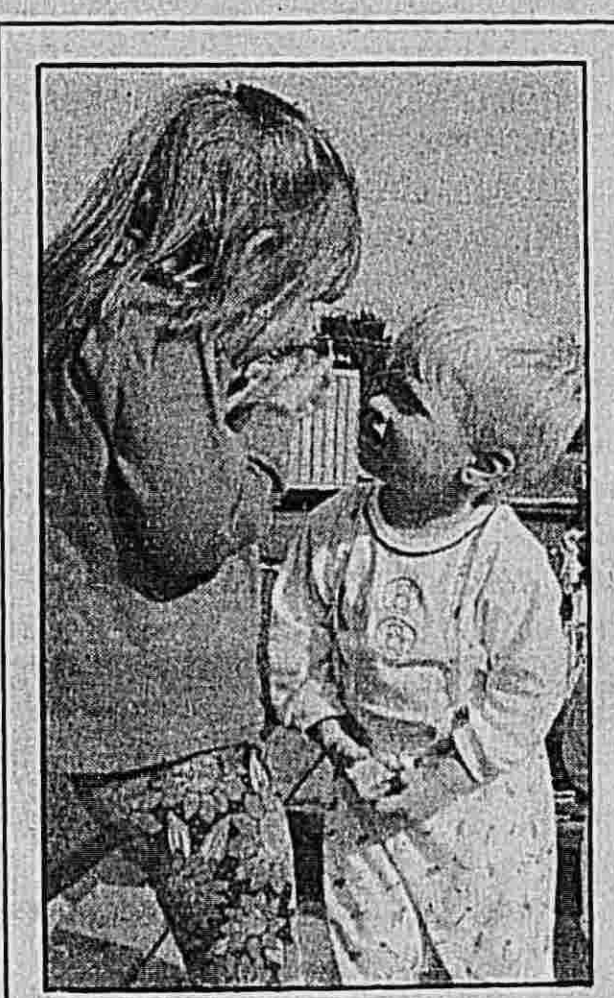

by TINA SWIECH  
Lakeland Newspapers

Fourth-grade teacher at Emmons School in District 33, Cyndy Vandrush, agrees that this will be a most interesting year at school.

Much new material was obtained by Vandrush and fellow teacher Cyndy Thielen, after they attended a six-day space program at the grounds of the US Space and Rocket Center in Huntsville, Alabama in August.

The learned skills should add to the teachers joint effort, an annual program of a 24-hour simulated space workshop that teaches children in the fourth and fifth grade level, and is done through the Lake County Business Industry Education Consortium.

The Space Camp for Educators took the Antioch area teachers to the city down south where they were joined by 29 other teachers from across the nation and two from Moscow from Aug. 8 through Aug. 13. At the training program where they (Continued on page 9)

## Complaints on the rise from new assessments

by MARY FOLEY  
Lakeland Newspapers

With the average township assessment up 8.8 percent in Antioch, many residents have been complaining about the increases in property taxes. While some assessments went down, many others noted an increase of up to 15 percent.

"What we have seen was an increase in the waterfront properties," said Clifton Houghton, Antioch's assessor. "Some of the values went up 10 to 15 percent."

The assessed values are determined by a market valuation. In simple terms, the value of a piece of property is compared to other similar pieces of property

recently sold. The price paid by these buyers affects the value of similar homes. So, if on the average, homes in the area are sold at a higher price, the valuations of other existing properties will also go up.

It appears that even though many area residents were affected by flooding this year, the values of these properties still went up. Despite the fact that many waterfront properties are built on a flood plain, buyers are still paying more to purchase these homes. Which is a tough pill to swallow for many residents.

"In 1994 we are planning to take a look (Continued on page 57)

## LZHS reports college entrance exam scores up

**LAKE ZURICH**—More Lake Zurich High School students are taking standardized college entrance exams, and their scores are increasing. The scores for core students have gone up four-tenths of a point, with the class of '93 scoring 24.2 on the ACT test, compared with a state composite of 22.8 and national score of 22. Also, 171 seniors took the exam last year out of 215 who graduated, with 161 taking it the previous year and 130 before that. Dist. 95 Superintendent Edward P. Cox was happy with the results. "We are fortunate to have very talented students to work with in this school district," Cox said.

# Shooting victim able to speak to investigators

by SPENCER SCHEIN  
Lakeland Newspapers

Lake County Sheriff's officials have interviewed injured Wauconda Firefighter James E. Johnson at Lutheran General Hospital in Park Ridge, asking questions concerning what happened the night of July 13 when he was shot in the head.

Lake County Sheriff's police Lt. Chester Iwan, chief of investigations, said they spoke with Johnson, 30, with his surgeons and therapists present on Sept. 14.

Iwan said they would be taking the results of the interview to the Lake County State's Attorney on Sept. 16 and discuss the possibility of filing criminal charges against suspended Island Lake Police Officer Rena Jensen, the only other person present in the trailer she shared with Johnson near Sunny Day Farms in Wauconda when he was shot with her gun.

Iwan said they should have a decision made by Sept. 17.

## Annexation dispute rages over Forest Preserve land

by SUZIE REED  
Lakeland Newspapers

The gloves are off in the confrontation between the Village of Mettawa and the Lake County Forest Preserve District.

At a special meeting of the Forest Preserve finance committee trustees from Mettawa lashed out at representatives of the Forest Preserve District for agreeing to delay a decision on the annexation of the Grainger property.

Representatives from Grainger had presented a letter asking for this deferment. It will be turned over to the Forest Preserve attorney for legal review.

In a letter of rebuttal to finance committee members Adrienne M. Tindall said, "If you continue to refuse Mettawa's request to annex minimal Forest Preserve acreage, you arm Grainger, the one petitioning for your approval, with a tool to be used against you as you consider their requests."

## Communities discuss boundary agreements

**WAUCONDA**—Several Lake County southwestern village mayors met to discuss boundary agreements between their communities in an effort to avoid future bickering over land. The mayors of Wauconda, Island Lake, Tower Lakes, North Barrington, Lake Barrington and Fox Valley River Groves all met in North Barrington on Sept. 15 after having discussed the boundary issue for many years. Wauconda Mayor James L. Eschenbach said he was going to ask for Wauconda's boundaries be set at Darrell Road to the west, Gilmer Road to the east, Rte. 120 to the north and south of Rte. 12 to the south. After the boundaries are set, they will take the maps to the County to be recorded.

## Mayor rips comments made by superintendent

**LINDENHURST**—Mayor Paul Baumunk responded to comments made by Lake Villa District 41 Superintendent Dr. Alan Simon critical of the village's support of the school district. Baumunk said its not his village's fault the district didn't collect a fee it considered appropriate from Red Seal Development. Baumunk said he told Simon and the village attorney told the district's attorney the village would support any impact fee it negotiated with the developer.

## Shoppers cautioned to be vigilant in stores

**LIBERTYVILLE** — After three separate incidents at the Eagle Food Store in Libertyville in which wallets were either taken or a theft was attempted, Libertyville Police issued a warning to area shoppers. Chief Dan McCormick prepared a notice to this effect in an effort to avoid future incidents.

## A group proposes unified school area

**LAKE VILLA TOWNSHIP**—A group of Lake Villa and Lindenhurst residents are exploring the possibility of creating a unit school from kindergarten through high school. Joyce Henneberry and Joann Osmond will be making presentations affected area school districts to see if there is support before proceeding further. The plan would be to take the Lindenhurst and Lake Villa kids out of Antioch Elementary District 34, all of Lake Villa District 41, Millburn District 24, and Antioch District 117.

## Fairfield marsh still causing controversy

**ROUND LAKE HEIGHTS**—Fairfield Marsh is a 127 acre area off Fairfield Road where the village board doesn't want to let the landowner sell 90 acres of the parcel to the Lake County Forest Preserve. Lake County Board member Suzi Schmidt is angered by the board's decision. She said the area is has 11 endangered species of birds living there and some of the highest quality wetlands in the state. Mayor Terry Lumpkins said the board has no plans to build the land and won't allow the wetland areas to be filled.

## Circus coming to town with elephants, clowns

**ISLAND LAKE**—Children of all ages will be entertained by the Kelly Miller Circus, founded in 1938, as it makes its annual stop at Water Tower Park on Rte. 176 in Island Lake on Sept. 18. Sponsored by the Island Lake Lions Club, the three-ring circus will feature 65 different performers who travel with them across the country, as well as elephants, monkeys and other exotic animals. The circus will perform two shows, one at 2 p.m. and one at 5:30 p.m., each lasting approximately two hours. Tickets at the gate will cost \$7 for adults and \$5 for children under the age of 12, while advanced tickets will save you \$1.

## IRA makes good part of savings strategy

If you're unsure about the tax advantages of contributing to an individual retirement account (IRA), here's some information from the Illinois CPA Society that can help you determine whether IRAs should be part of your savings strategy.

Before tax reform, anyone under age 70 1/2 who had earned income could put money into an IRA and take a tax deduction for the value of the contribution. Tax reform changed the ground rules and limited deductible IRA contributions to two categories of individuals: Those who do not participate in employer-sponsored retirement plans

and those who do participate in a retirement plan but whose income falls below certain thresholds. If neither you nor your spouse has an employer-sponsored retirement plan at work, each of you can deduct IRA contributions of up to \$2,000 a year. If your spouse doesn't work, your deductible contribution is limited to \$2,250 a year.

Your joint adjusted gross income determines how much of your IRA contribution is deductible if either you or your spouse is an active participant in a retirement plan at work. A married couple who files jointly and whose adjusted gross in-

come is less than \$40,000 gets a full deduction of up to \$4,000 annually if both spouses work and each earns at least \$2,000. A single person eligible for an employer-sponsored retirement plan must have adjusted gross income of no more than \$25,000 to qualify for the full \$2,000 deduction.

A partial deduction is allowed for married couples who file jointly and have adjusted gross incomes between \$40,000 and \$50,000 and for single taxpayers with adjusted gross incomes between \$25,000 and \$35,000. Married couples who file jointly and who have a company plan in which

year in which the owner reaches 70 1/2.

If you have made both deductible and non-deductible contributions to an IRA, each time you make a withdrawal you must calculate what part of your withdrawal is taxable and what part is tax-free. Tax law requires you to prorate taxable and non-taxable withdrawals based on all your IRA assets. Total the amounts in all your IRA accounts to determine what percentage of your withdrawal is taxable.

Generally, you need not pay any taxes on your IRA withdrawal if within 60 days, you roll it over into another IRA. Your are allowed to roll over each IRA only once a year.

However, if the money is paid directly to you, you will be subject to a 20 percent withholding tax on the amount that is withdrawn. To avoid the withholding tax, the funds must be transferred directly from one trustee to another.

Before you invest in IRAs or withdraw funds from your IRA accounts, be sure you understand the tax implications of your actions. Failing to do so could cost you valuable tax dollars.

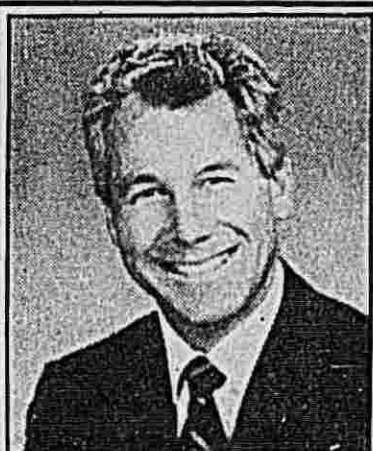

either spouse is an active participant lose the right to deduct any part of their IRA contributions when their adjusted gross incomes exceed \$50,000; for single persons, the threshold is \$35,000.

Although tax law places restrictions on those who qualify for an IRA deduction, anyone under age 70 1/2 with earned income from a job or self-employment can still make an IRA contribution and earn tax-deferred income.

CPAs point out that the greatest tax-savings is not in the initial IRA contribution but in the tax-free compounding of earnings. When weighing the

benefits of IRAs against other investment options, determine whether the accumulation of tax-deferred income in your IRA will give you a greater rate of return at withdrawal than other taxable or tax-free investments.

Unless you become disabled, withdrawing money before age 59 1/2 will result in a 10 percent penalty in addition to the ordinary income tax due. When you're between the ages of 59 1/2 and 70 1/2, you can withdraw as much or as little as you want from your IRA without penalty. However, distributions to an IRA owner must commence no later than April 1 following the calendar

## How much house can you afford?

How much house can you afford to buy? Although financing your dream home may be costly, you may be able to afford more than you think, according to the Lake County Assn. of Realtors.

"Buying a home usually involves both a cash down payment and a mortgage for the balance of the purchase. Unless you know in advance the amount of down payment and the mortgage you'll need, you really don't know how much house you can afford," says Larry Fales, president of the Lake County Assn. of Realtors. He pointed out that three elements are crucial to the purchase of a home—a down payment, closing costs and qualifying for a mortgage.

The following information is provided to you by the Lake County Assn. of Realtors to assist you in the home purchase process:

**Down payment:** The amount of the down payment you'll need depends on how the transaction is structured and the type of financing you obtain. Typically, conventional

lenders will require a 20 percent down payment, although in some cases, loans with down payments of as little as 10 percent may be obtained. If a down payment of less than 20 percent is made, the buyer likely will have to pay private mortgage insurance, which guarantees that the lender will be repaid in case of default.

Single-family mortgages insured by the Federal Housing Administration (FHA) have more lenient down payment requirements than most conventional loans. In most cases, FHA financing requires down payments of less than five percent. Mortgages guaranteed by the Department of Veterans Affairs (DVA) require no down payment on loans up to \$184,000.

**Closing costs:** Closing costs, paid at settlement, vary considerably. However, the most common costs including the following: discount points (one point equals one percent of the loan amount), title insurance, escrow fees, attorney fees, termite report, recording fees, appraisal fees, document

preparation fees, notary fees and a loan underwriting fee.

**Loan qualification:** Determining how large a mortgage for which you qualify is based mainly on the interest rate offered and your income. The higher the interest rate, the higher the monthly payment. And, the higher the monthly payment, the more income you will need to qualify for the mortgage. For conventional financing, lenders generally limit the monthly payment to 28 percent of your gross monthly income, although exceptions can be made depending on individual circumstances.

A point to remember—the monthly payment probably will be calculated to include taxes and insurance, along with the principal and interest on the mortgage.

Besides checking your income the lender also will require a credit report, and a statement confirming your employment. Be prepared to show financial statements proving you have the money to cover the down payment and closing costs.

## Good question

I have never done this before, but how do you know if someone has called in more than once during the week? I am very curious and you have this printed in almost every issue. That's my question.

**Editorial note:** Dear reader, every caller has their own distinctive sound. It is very easy to identify repeat callers. People tend to use the same type of language, certain expressions, etc... Hope this helps.

## Happy parent

Congratulations to the Round Lake area schools for doing a great job. There were some needed changes and we feel things happening. You are doing a great job.

## Fashion statement

I am a social worker for schools and my job requires that I travel from place to place. I go to different schools. I recently had to go to three different schools. Someone should do something about the dress codes at these schools. The girls, especially! I think someone should take a look at what is going on. No wonder there is so much abuse.

## Park your cart

I notice that in the various shopping centers in Round Lake that the stores have places to put empty shopping carts. Nevertheless, there are many lazy, ignorant, selfish people who leave the carts right in the middle of a handicapped spot. These folks really make me mad!

## Old news

I would like to commend the proofreading staff of Lakeland Newspapers. I think it is a bad situation when the Wauconda Leader cannot get the mascot of the football team right. They are the Bulldogs, not the Hurricanes.

**Editorial note:** Dear reader, an apology was printed in last week's paper. Sorry you missed it.

## Different leisure plans

Let's get our priorities in order. First, we want to educate our kids in good schools with a well stocked library. The people who want supertainment center should build one privately. Many of us want to use our leisure dollars on other things like travel.

## Good doctor

I am calling about the comments about Dr. Dam's hypocritical attitude. He does not have to pretend to be virtuous, he really is. Obviously, the caller has never been in his care or had an incurable illness in the family. He is one of the better doctors. He radiates love for his fellow man.

## Improve the planning

I am calling about the extension of Yorkhouse Road and

the planned study being sent on to the wetlands commission project along Route 41 in Wadsworth. The Forest Preserve should get together with the Lake County Board so that they can stop putting roads through area planned for preservation.

## No more stuff

I am calling from Lake Zurich. The owner of most of the property on Routes 12 and 22 is trying to build more stuff on the property. The planning and zoning board have already turned them down. The residents don't want him. Let us hope that the newly elected village board understands that we don't want this.

## Sounds like a threat

Parents of preteens and teenagers should watch their kids. A few of them could get shot for the things they are doing to other people and property.

## Disappointed voter

It is sad to see that Ralph Davis has gone back on his past promises. He blasted the former administration for patronage and the hiring of friends. Yet, people in these categories are still working there and getting raises, by executive order. Well, Mr. Davis, same old, same old.

## More sticker shock

I would like to know why we have to pay \$2.50 for the stickers that go on the garden/refuse bags. I called around and found out no one else has to do that.

## Briefs

### New hours

The Antioch Public Library is happy to announce that they will now be open on Sundays from 1 p.m. to 5 p.m. The library is also open Monday through Thursday 9 a.m. to 9 p.m. and Friday and Saturday from 9 a.m. to 5 p.m.

### Painting classes

It is not too late to sign up for the popular adult painting class taught by Jane Craner at Antioch Community High School. The first session was on Wednesday, Sept. 15 but there are still openings. Instructions can be had in any medium. Craner teaches individually beginners as well as advanced students. The classes will be held in the art room at the school. For more information, call Jane at 395-0837.

### Last concert

It was a picture perfect evening for the last in the First Chicago's Concert in the Park series. Antioch residents were treated to great weather and even better music.

The concert series was sponsored by First Chicago Bank in Antioch. The bank generously sponsored several other musical programs throughout the summer.

Residents sat on blankets or in lawn chairs to enjoy the last summer concert. The Lakes Area Community Band opened up the program with the Discords following.

### Open house

Grass Lake School invites students, parents, and interested community members to a reception honoring retired bookkeeper, Bernie Keefer. The reception will be held on Thursday, Sept. 17 at 6:30 p.m. Keefer has been with Grass Lake School for 20 years. The reception will include a ceremonial tree planting and refreshments. Following the reception the school will host an open house for parents and students to tour the school and meet the staff. The school is located on Grass Lake Road, west of Route 59.

### Beautification

Claude LeMere, Antioch Community Development Director, is seeking volunteers for the Antioch Beautification Committee.

Volunteers would assist with planting and beautifying the town square which is being built through Antioch's revitalization plan. Interested persons should call LeMere at 395-6342 or call the village at 395-1000.

### Crafters wanted

The Antioch VFW will hold a Holiday Craft Fair on Saturday, Oct. 23, 9 a.m. to 4 p.m.; and Sunday, Oct. 24, 11 a.m. to 4 p.m. at the Antioch VFW Post 4551, 75 North Ave., Antioch. For more information call 395-6934.

## Mitchell wants expanded ACHS

by MARY FOLEY  
Lakeland Newspapers

James Mitchell, a three year resident of Lindenhurst, is one of the 11 candidates for Antioch Community High School's school board. Mitchell has a number of ideas about how to expand what he calls the focus of the community, the high school.

"Why close the schools at 4 p.m.," questions Mitchell? "We need to make that asset more productive with adult education, tutoring for literacy, and other community programs."

Mitchell is presently a water plant operator for the city of Highland Park. He has one child in the high school and three children (including a set of twins) in Lake Villa's District 41.

Mitchell is no stranger to committee and board work. He was an elected member of the Lake County Board, the

Lake County Forest Preserve District, the Fort Sheridan Commission, and an Illinois Pre-White House Conference Delegate.

Furthermore, he is the former president of Union Drainage District 1, former president of the Highland Park Mosquito Abatement District, and a former West Deerfield Township Trustee.

One of Mitchell's goals is to improve the educational program at the school.

"Education is more than handing out books," explained Mitchell. "We need to make sure that the educational experience that these students get helps them fit into the real world. One of the functions of the school system is to educate our children to lead productive lives."

Mitchell has been active in the recent referendum drive to increase the education fund. He feels there is a need for funding alternatives.

James Mitchell

"Our state legislature is our worst enemy," said Mitchell. "We do not need the state to be our partner. There are only a limited amount of dollars and they are taking the lions share."

## Voter's registration deadline approaches

by MARY FOLEY  
Lakeland Newspapers

October 4 is the deadline to register to vote in the upcoming November election.

On the ballot this year for Antioch are the school board elections, the education fund referendum, and the \$30 million Forest Preserve question.

Traditionally, voter turn-out for this election is low. However, with the increased availability of voter registration sites, the Lake County Election Board is hoping to get the voters out.

"Historically, this election turn-out is lower," explains Mary Ellen Vanderverter of the county election office. "But, there are a number of important issues that need to be addressed."

In order to register, individuals must be over 18 and bring two forms of identification. One form of identification must include a current legal address.

There are now a number of places Antioch residents can register to vote.

Registration locations in the area include: Antioch Public Library, Monday through Thursday from 9 a.m. to 9 p.m. and Friday and Saturday from 9 a.m. to 5 p.m.; Antioch Village Hall, Monday from 8:30 a.m. to 7 p.m. and Tuesday through Fridays from 8:30 a.m. to 5 p.m.; Antioch Township Hall, from 8:30 a.m. to 4:30 p.m. Monday through Friday; and the Lake County Clerk's Office 8:30 a.m. to 5 p.m. Monday through Thursdays and 8:30 a.m. to 7 p.m. on Fridays.

## ACHS students are scholars

Two students from Antioch Community High School were among the 15,000 semifinalists in the 1994 National Merit Scholarship Program. The students are Marc A. Enevold and Morgan R. Hirst.

These students have the opportunity to

continue in the competition for more than 6,500 Merit Scholarships worth over \$25 million to be awarded next spring. The nationwide semifinalist pool includes about half of one percent of each state's high school's graduating class.

# Heritage tractor and steam show comes to museum

## Museum

The Lake County Museum is located at the Lakewood Forest Preserve, 27277 Forest Preserve Dr. Wauconda, Ill. 60084. Visit the museum on Saturday or Sunday, Sept. 25 and 26 from 10 a.m. to 4:30 p.m., to enjoy the Farm Heritage Tractor and Steam Show. The Lake County Farm Heritage Association will recreate early rural farm life. There will be demonstrations of gas and steam engines, threshing and traditional farm crafts, children's tractor pedal pull, music and horse drawn wagon rides.

For more information concerning this or other upcoming events at the museum call 526-7878.

## Great speaker

Attention schools everywhere, if you have an opportunity to have James Kern come to your school to speak to the students and staff, I suggest you grab him up quickly. On Tuesday, Aug. 24, Mr. Kern visited Grass Lake School. In the morning he met with the students and he then spoke to the staff in the afternoon. I was on hand for the afternoon session and was extremely glad to have the opportunity to hear him speak.

His message was basically one of caring. In his book he points out that "a child doesn't care what you know until he/she knows that you care." Kern said "If a child feels good about his/her teachers and have a caring relationship with them, he/she will be more receptive to learning." He talked about how competition in schools and society in general has gone astray and the pitfalls of the attitude "we must win at all costs." We must re-think our competitive nature and start doing our best just for the sake of doing.

He stressed the importance of love and structure. He noted the more love we give away the more we will receive. Yes, the main components of Kern's presentation were love and caring. He backed up this philosophy with many fine examples. As I glanced around the room, I was happy to see his message of love being understood and received by the many people present. I walked away thinking if each and every person in the room (including myself) would retain and practice even 50 percent of what James Kern discussed, the world would definitely be a better place.

Once again, I encourage other area schools to secure his speaking services. He is the most dynamic and warm speaker I have ever had the pleasure of "hearing."

## Little Angel

As I write this column entry, I am looking at a picture of a "beautiful angel." After little Kaja Milovanovic won the title of Little Miss Antioch 1993, I sent her a small gift of congratulations. However, my thoughtfulness was repaid ten times over.

A recent trip to my mailbox presented me with a small envelope, obviously written by a young child. I opened it with anxious anticipation trying to guess which one of the Camp Crayon special little people was sending me a note. Inside the envelope was a memorable hand written note from Kaja. The frosting on the cake was the enclosure of a beautiful wallet picture of Kaja, wearing her Little Miss crown and ribbon. I will treasure the card and picture for many years to come. Thanks Kaja.

women, ages 20 to 50's are needed. Performance dates are Nov. 5, 6, 7, 12, 13, 14, 19, 20 and 21. Please call Larry Bersie at 395-3157 for further information.

## Achs

Once again the Antioch Community High School Carpentry Class will be building sheds to be constructed on your property. This service will be available during the first semester. The sizes of the sheds are either 10' x 12' or 10' x 16' with a door opening of 70". All sheds have gambrel roofs and treated wood floors. To order a shed, call the high school at 395-1421 and ask for Mr. Kauboski.

## Small world

Susan and Keith Bandemer presented William and Phyllis Cardiff with their eleventh grandchild. This exciting/blessed event took place on Aug. 27. Little Robert William Bandemer was born at Evanston Hospital and weighed in at seven pounds even. He is

the third child of Susan and Keith and his older brother, Tyler, age 6 and sister, Amanda, age 4, are busy helping mom and dad take care of and spoil the new baby.

Grandpa Bill is the vice president of the Antioch Lion's Club and Susan tells me she is the youngest of the seven Cardiff children, no wonder they are on grandbaby No. 11. I headed this tidbit "small world" because in talking with Susan I learned she was a former classmate of my daughter Karen's at ACHS. She and hubby Keith moved to the Grass Lake area of Antioch about one year ago and little Tyler is now under the loving, protective eye of Norma Rubash, as a kindergarten student at GLS.

Congratulations everyone and it was nice talking with you, Susan.

## Granny biker

Okay, Sandy Gilday, what's the name of your bicycle? On a recent outing, I noticed a lady peddling her bicycle (complete with rear baby seat) up the Grass Lake School driveway. A closer look told my husband and I it was Sandy Gilday on her way to work, as the assistant cook at Grass Lake School. I especially liked the baby seat on the back of the bike. Us "modern" grannies definitely believe in giving our grandchildren all the conveniences of home.

## Welcome

On Wednesday, Sept. 1, the Grass Lake School Board of Education held a special meeting for interviewing applicants to fill the Board position vacated by the resignation of Ardeen Harris. John Gollon was appointed to fill the two-month vacancy. Congratulations, John, and welcome aboard.

## Own World

Talk about tuning out the world. On a recent Saturday, my husband and I stopped at a garage sale on Cross Lake, just over the state line. Upon entering the neatly arranged sale, I instantly began to checkout the bargains. While doing so, I heard a familiar voice exclaim "Is she totally oblivious to the world around her or what?" I glanced up into the smiling face of my dear old friend, Pam Friedrick.

Pam was displaying her no-longer-needed wares in her neighbor's garage and the two of them were manning the sale. She watched our truck pull up, saw Jim and I get out, watched me walk into the garage, and watched me go comatose into my own bargain hunting world. It was definitely nice seeing you, Pam, even if it took me an eternity to notice your presence. Call me soon with a tidbit or two for "Hometown Goodies."

## Candidates

On Nov. 2 electors in our local school districts will be going to the polls to cast their vote(s) for the candidate(s) of their choice. In Grass Lake School District No. 36, there will be five positions available, consisting of four - four year seats and one - two year seat.

The following seven candidates will be campaigning/running for one of the four year seats, Linda Boerman, Marv Dawson, John Gollon, Sally Hiller, Claudia Kasprzak, Cynthia Marquart, and Elizabeth "Liz" Schmehl. Mark Franzen will be on the ballot for the two year seat. There will also be other issues on the ballot including

the high school referendum. The polls are open from 6 a.m. to 7 p.m. and I remind everyone that your vote is your voice, speaking out for your candidate choices and for or against other issues.

## Special Guy

As you all know, I work at the Camp Crayon Program from September through May. The longer I am with the program, I realize the monetary compensation is just a small part of the reason I continue with the program. The special, loving memories received through working with 75 little people, year after year, is a fantastic added plus to a job of this nature.

Little Bobby Klean, a former Camp Crayon participant, read that I would be turning 50 years old this month. This prompted him to create a beautiful piece of art work and write me a special birthday message. To say it brightened up my day when I discovered it in my mailbox is an understatement. Thanks, Bobby, stay happy, always take care of yourself and have mom give you an extra big hug from "Miss Liz."

## New Staffer

Yipeeee, Camp Crayon is back in session for the 1993-94 season. Miss Marie (Brausam), Miss Liz (Schmehl) and Miss Mary (Theel) would like to welcome Miss Lois (Petykowski) aboard as a new staff member. The entire Camp Crayon staff would like to welcome our new Camp Crayon participants and welcome back many of our returning camp participants. If things happen as in the past, I will soon be entertaining you with tidbits "out of the mouths of babes." Keep reading.

## Engagement

### Carlucci-Johnson

Frank C. Johnson, Jr. and Cathryn A. Carlucci of Antioch announce their engagement to be married in September.

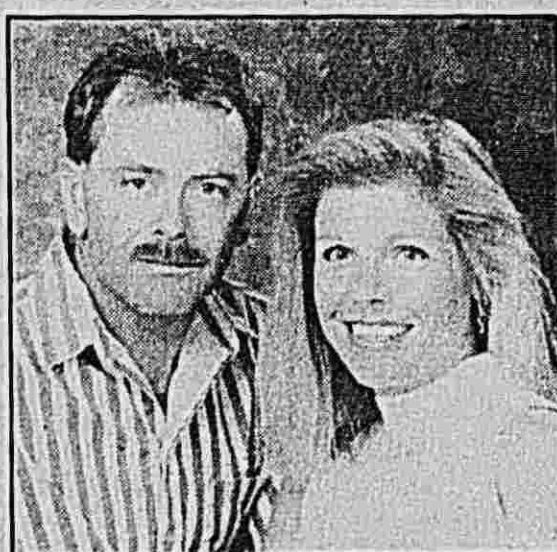

The groom-to-be is the grandson of the late Clarence and Frances Johnson, former residents of Round Lake Beach.

The ceremony will be performed at St. Peter Church in Antioch.

The bride-to-be is employed as the business manager of WNUA Radio.

The groom-to-be is employed by Local 13 Sheet Metal Workers.

The couple plans to settle in Antioch.

### ANTIOCH

#### DUI

Steven Vermillion, age 23, of Trevor, Wisconsin was arrested on Sept. 12 for driving while under the influence when he was spotted at the corner of Main Street and Route 173 in Antioch. Vermillion was released on bond.

#### Domestic battery

Stephen Gasperini, age 24, of Antioch was arrested for domestic battery on Sept. 12. Allegedly, Gasperini grabbed a girlfriend around the neck, punched her in the mouth, and threw her against the wall. When the woman attempted to call 911, Gasperini allegedly destroyed the telephone. Gasperini was released on bond.

#### Battery

An unidentified man was

attacked in the parking lot of the Antioch Bowling Alley on Sept. 12 at 5 p.m. The attacker was a white male in a silver van.

#### Damage to sign

Sometime after 9 p.m. on Sept. 11 someone altered the changeable letters on the sign in front of Century 12 in Antioch into an obscene message. One of the letter tracks was destroyed during the vandalism causing an estimated \$200 in damage.

#### Criminal trespass

Richard Abel, age 18, of Grayslake was arrested for criminal trespass in Centennial Park. Abel and two other juveniles were allegedly in the park at 3:15 a.m. Abel was released on bond and the juveniles were released to parents.

#### Theft

Derek Cook of Spring Grove, David Oak of Round Lake Park, and Charles Dyer of Antioch were arrested for allegedly leaving a local restaurant without paying. The three were released on bond.

#### Criminal damage

Sometime over the Labor Day weekend someone attempted to open the after hours book depository at the Antioch Library. The bin was broken but entry was not gained.

#### Indecent exposure

On Sept. 4 there was a report of a white male wearing black shorts exposing himself in the window of the video arcade at the Ben Franklin store in Antioch. Police returned to the scene but were unable to locate the offender.

## Letter to the Editor

### Independent Editor:

I would like to make a few follow-up comments regarding Linda Boerman's Sept. 10 letter to the editor.

I will start by saying "Bravo," "Ditto" and "Well-Noted." I, too, am running as an independent candidate in the Nov. 2 Grass Lake School Board election.

However, I certainly feel it is my choice and right to support and believe in certain candidates over others. My campaign literature and conversations will definitely indicate my preferences and the reasons why.

I, too, hope everyone remains well-aware that the Grass Lake area is a small community in the relatively small town of Antioch. Linda, you are 100 percent right, after all is said and done, we must all live with each other as neighbors and this will be a lot easier if we strive for respect, de-

cency and dignity in our campaigning.

Also, those who are elected must then communicate with each other on the board, and this too will be more easily accomplished if everyone begins with an ethical, respectful campaign.

Linda, I like the positive, independent thinking expressed in your letter and I hope you are victorious on Nov. 2.

## Lions donate to flood relief

by ALEC JUNG  
Lakeland Newspapers

The Avon Township Relief Fund is nearing its completion with about \$9,000 in funds collected and about the same amount disbursed with the date for donations extended to Sept. 30.

Part of the sum collected included a sizable donation from the Antioch Lions Club of \$2,500. The donation period was extended to allow Lions District 1 to decide on a contribution.

There were over 50 people who applied for the fund. Approximately 85 to 90 percent of the applicants received a check, according to Jerry O'Sullivan, president of Lakeland Community Bank and administrator of the fund.

"At this stage we hope to pay out to 100 percent of the applicants," O'Sullivan said.

The applications had the name of the applicant, the damages and the amount required. Applicants varied in their requests from replacing dry walling to replacing children's winter clothing, according to O'Sullivan.

"We have been able to pay out about an average of \$250 per applicant. In addition, Ace Hardware Home Center has donated a \$25 gift certificate to be used in repairs with each check," O'Sullivan said.

The amount given to the applicant depended on the severity of the damage and what the item was. To help decide the amounts, board members from each Round Lake Community.

Donations are still being accepted at the Lakeland Community Bank for the Avon Township Relief Fund until Sept. 30. If there are questions call Jerry O'Sullivan at 740-2265.

## Referendum

(Continued from page 1)

buyers who "do not want to move to Antioch because of the school's problems."

Chairperson Podstawa has a freshmen student at Antioch Community High School and said she became aware of some of the school's difficulties when her child began school.

"I have a freshman starting this year," explained Podstawa. "It was then I noticed the problems." Podstawa also told the audience that she also has two other children in the lower grades and has concerns about their education when they advance to high school.

Officials also posted the names of the committee representatives. Stan Livermore will head the speakers bureau. Livermore told the group that he has already lined up several speaking engagements to explain the referendum drive.

Other committees were meeting for the first time. Laurie Christopherson will chair the publications committee. That committee was hard at work to help Lakeland Newspapers to draft questions for an upcoming telephone poll. The steering committee will

then use some of the poll's responses to try and address community concerns.

Pat Forth and Tom Hovey will be chairing the outreach committee. Art Campbell and Bonnie Dembinski will be the representatives for the volunteer organization and recruiting committee. Representatives of the finance and fund raising committee have yet to be announced, although Superintendent Robert Schley met with some of

the committee members to provide the necessary financial information.

This referendum drive will be steered not by the school district or school board, but by residents of the area. The first referendum meeting brought out over 70 individuals. It was decided early not to have any school board candidates to chair any of the committees to avoid any potential conflict of interest.

## Trevor got help from area fire departments

by ALEC JUNG  
Lakeland Newspapers

Lake County responded to the fire in Trevor Wisc. with 23 departments, equipment and assistance with coordinating the attempts to extinguish the fire.

Departments assisting included Antioch, Fox Lake, Grayslake, Gurnee, Newport, Lake Villa, Spring Grove, McHenry and Wauconda.

The fire at Badger Cork Co. caused an estimated \$1.5 million in damage and that number may go up, according to Lee Shannon, Antioch public safety director who assisted in the command operation.

The biggest problem was the fire was not in a watered area," said Frank Slazes, Lake Villa Township Fire District chief. "There were no hydrants, no water towers."

Slazes said many of the departments brought out the pumper trucks to help bring enough water to fight the blaze. He said Lake Villa firefighters were there for about eight hours.

Antioch assisted with three trucks. Kevin Kelly assistant fire chief, assisted the command, according to Shannon.

"There were about 10 injuries to the firemen but they were minor and most of them came back to fight the fire," Shannon said.

Also assisting with the command operation was Paul Maplethorpe, Round Lake chief. There were 26 departments from Illinois and 19 from Wisconsin who assisted in the blaze, according to Shannon.

Cyndy Thielen and Cyndy Vandrush, teachers at Emmons School, attended space camp.

were sent by Emmons School they learned more for their own 24-hour space simulation.

The training included lectures from a German rocket scientist and astronaut Bob Springer who flew to outer space in 1989 and 1990.

The highlight for fourth-grade teacher Vandrush was when she got the chance to be "Commander" for a simulated trip through space.

Her partner, Thielen, flew along with her while she manned the "capsule" and got the chance to operate all switches and buttons that could do everything including deploying satellites.

Being commander was pressuring, but exhilarating for Vandrush as she had to operate the vessel, being sure to push the right buttons in a two-hour time span.

"It gave me such a great respect for shuttle astronauts and pilots in general," said Vandrush, who has never flown a real aircraft herself.

Some of the other projects also included simulated parachuting out of the aircraft and into the water, explained Vandrush; and also sessions in a Discovery Laboratory where the teachers got to build model rockets.

Vandrush said that she and her colleague received so many materials from the interesting plight, that they both had to buy new satchels to carry it all in.

## Flooding help on way

**Commission poised to become force in dealing with flooding and drainage problems.**

Despite all the efforts of county officials and their good intentions, the bottom line on the Lake County Stormwater Management Commission is that even after three years of operation, the agency still is in its infancy due to inadequate funding even as flooding problems get worse.

While the 12-member commission made up of six Lake County Board members and six village mayors struggle with adequate financing, Director Ward Miller gamely plows ahead, aware of what he calls a "grand plan" dealing with growing stormwater and flooding problems, yet being able to take only what he candidly admits are "baby steps."

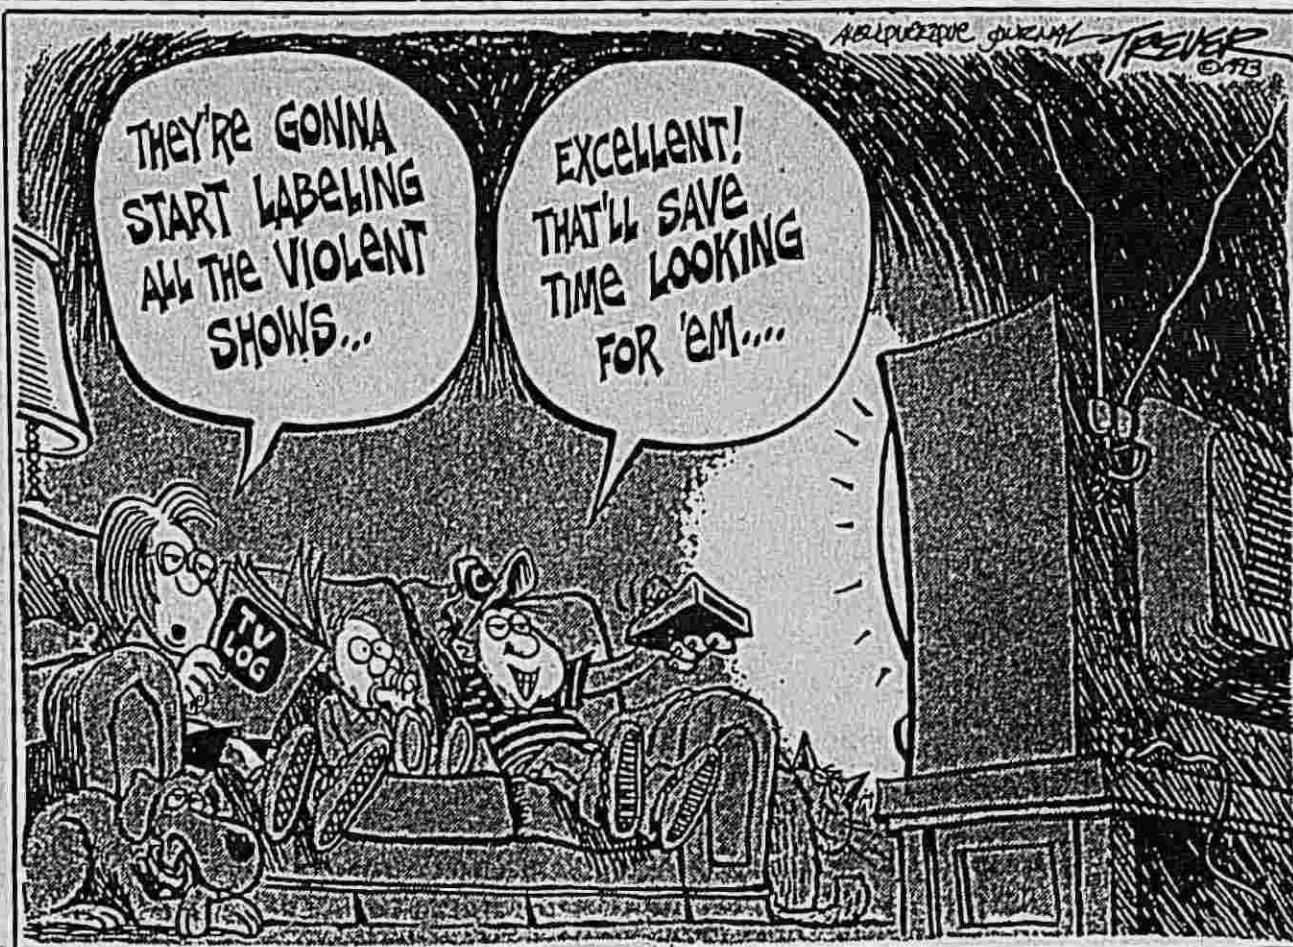

With a low-key style and a down-to-earth approach, the former Oklahoma resident seems to be the right person for a tough job. In his public contacts, Miller is upfront about commission aims to train personnel, improve the department's technical abilities and raise the level of awareness in an area where stormwater management in the past amounted to putting in culverts to drain stormwater on

the neighbor's property. Curbing building in flood plain or flood prone areas in Lake County all too often has been an anathema.

With good humor, Miller talks about operating on a \$865,000 annual budget where if funds were available services valued at between \$5 to \$7 million could be justified. Miller uses those figures to describe the enormity of the county's stormwater management needs.

Record floods of 1986 and 1987 spurred the County Board to take action to create the potentially powerful agency. County officials acted with the knowledge that flooding damage in Lake County for the period 1965-80 annually amounted to \$2 1/2 million. With more building and development, that figure hasn't lessened. Not the least of Miller's headaches has been apathy or outright opposition from municipalities afraid of outside controls over local land use.

Without becoming another tax burden, the department feels it can become virtually self-funding through imposition of charges for services performed. That expectation might exceed reality, but Miller's assertion that the commission doesn't want to become "another layer of bureaucracy" is comforting. With flood damage on the increase, it's good to know that local government is doing something beneficial.

### Make 'right' decision

Editor:

Recently a program aired on CBS's "48 Hours" on the issue of abortion. The highlight of the program was a segment on The Nurturing Network. This network provides women with crisis pregnancies

the physical, financial and emotional support they need to carry the pregnancy to term.

The director of the program pointed out that her organization furnishes women with a support system to make the choice for life. Many people who call themselves "pro-choice" are only available when the choice is abortion yet are nowhere to be found when a pregnant woman opts to let her child live.

The choice on the side of life may not be the easiest decision but it is the right decision. And with the assistance of groups like The Nurturing Network the right decision may be made with less difficulty.

### Get priorities straight

Editor:

It seems to me that the Vernon Hills board is having a difficult time deciding on and sticking to priorities. All of a sudden, some \$250,000 in cost for the village signage is a hot priority.

And the arborheater is a distant memory though it once was the hot item. In the meantime, the \$250,000 or so to put up what could be a lifesaving stop light at Prairie is cost prohibitive, as is a similar amount to repair the pool by the village hall.

But it's o.k. to more than double the cost of printing the Village Voice, with (Continued on next page)

## Rational talk helpful in Grainger tiff

by ROGER BYRNE

I have followed the W.W. Grainger vs. Mettawa issue from a comfortable distance. Of late, however, I have become increasingly aware of the controversy surrounding W.W. Grainger's plans to construct their corporate headquarters in what is now unincorporated Lake County.

This increasing awareness is not a result of any development proposal pending Vernon Hills review. Rather, the increasing awareness is due to numerous attempts by those opposed to W. W. Grainger's plans to raise the "specter" of Vernon Hills annexation of the parcel.

Vernon Hills has not been approached in any official capacity to review annexation/development plans for the W.W. Grainger parcel. As a fellow municipality we support Mettawa's efforts to control land uses within their corporate limits or, in the present case, influence development within their planning boundaries. In fact, our support of Mettawa has for several years extended beyond recognition of vital municipal planning tools to include provision of public works services and police

protection in the truest spirit of intergovernmental cooperation.

After the most recent Mettawa election, these services which we graciously provided without intent to profit were

## Commentary

terminated at their request.

With such a history of cooperation, recent statements attributed to Mettawa residents and officials concerning Vernon Hills have come as quite a surprise. Rather than responding to what have become hysterical rantings addressing the W.W. Grainger case specifically, allow me the opportunity to offer some thoughts on general development issues.

As is clear to any casual observer, the physical development of Vernon Hills and Mettawa is quite different. What may not be clear are the underlying causes and resulting effects of this difference. Certainly, geography and natural resource

constraints and opportunities have played a role in the divergent development of the two municipalities. But beyond the initial constraints and opportunities, beyond the nuances of traffic or forestry management, beyond the particulars of sign control or site plan review, a larger issue looms. Toward what end does a community's land use regulations and development standards strive?

Vernon Hills has strived to be a responsible partner in attaining the vision of Lake County as a region offering the full range of services and opportunities to its residents. With diversified land uses, a wide array of housing choices, high quality employment centers, exceptional schools, excellent recreational facilities and, yes, a significant retail sector, Vernon Hills has evolved into one of the most active communities in Lake County. It is a community where residents, and many non-residents, are presented with a plethora of choices to meet their needs.

### Chicago school mess a scandal, not a crisis

by BILL SCHROEDER

What's so damnable about the Chicago school mess is that the monster spills out in all directions, engulfing our local schools and affecting the political and economic fabric of an entire state. Chicago residents get pretty much what they deserve. Why should we be dragged down with them all the time?

Any school system that allows millions of dollars to be sucked out of classrooms and into the hands of feather-bedding, non-teaching employees is rotten. National Taxpayers United of Illinois (NTU), a highly regarded watchdog group, found that if 600 real janitors were hired to replace 1,174 "engineers" and "firemen," \$26.5 million a year could be saved.

Whatever compromise is worked out by the powerbrokers to "get the little children back in school," bank on suburban and

downstate residents losing.

Getting the children back in class has very little to do with the endless battling over education dollars in Chicago that makes Balkan warfare look like routine military games. The Chicago school funding circus that is more a scandal than a crisis is about power and control. Who can wring the most largesse out of the system?

Larry P. Horist, executive director of the United Republican Fund and legislative chair of the Illinois Educational Choice Coalition, refers to the "incestuous relationship" between the political powers of Chicago and the school unions. It's high stakes back scratching. Children and school funding are not the issue.

Horist takes to task business leaders for their shallow involvement in the school funding mess. Phony pride. Horist scores Chicago's two dailies and tv station

management as serving as "public relations toadies" of the establishment. Deception and evasion. Horist hits home.

Horist scores a slam dunk with the observation that the Chicago Teachers Union is not an educational institution. "The CTU is the defender of the unnecessary, the protector of the incompetent and the advocate of the greedy," he writes.

Prompted by incessant bleating of the big city media, state-wide guilt has been fostered that the General Assembly (make that Republican leadership) is insensitive to Chicago's educational "needs" and callously uses the city's children as political pawns. Baloney! If anything, the GOP leadership is facing up to scandal and risking its own powerbase by putting the feet of vested interests to the fire.

What taxpayers fail to realize is that the much-loathed real estate tax system of

funding public education is the only thing preventing further expansion of the black hole for Illinois tax dollars commonly known as the Chicago public school system.

Until reorganization comes about in the management and operations of Chicago public schools, tax dollars rightfully due our local kids will be siphoned off to pay for such things as the \$80,000 and \$90,000 a year "engineers" who are in charge of non-existent boilers and the "firemen" who stoke the same non-existent boilers. The NTU calls them dinosaurs. Yes. Big bodies and little heads.

no bidding process, because that, I guess, will really improve our quality of life. Get real.

If you believe that you should have the right to decide on the \$7,000,000 to \$17,000,000 that the board is considering spending, then I suggest you demand to be included in a survey of priorities for our village.

### Look at year-around

Editor:

Having received only an eighth grade education in a one-room country school house in Oklahoma, I am admittedly not

too smart; however, it seems to me that if there were the equivalent of 10,000 houses worth \$100,000 in the Wauconda School District, which I seriously doubt, each paying \$24 per year in extra taxes, it would take 27.5 years to pay off a \$6.6 million school bond, not including interest.

Can one of the educated school board members explain to me if I misfigured. I would further suggest, if their future enrollment predictions are so accurate, why did they not know prior to selling the Island Lake School, or was that in fact, part of the grand scheme to spend even more taxpayers money in a foolish manner?

If my memory is correct, plans were public knowledge at that time for the Fox

River Shores Subdivision in Island Lake. If enrollment does not increase, then we, the already overtaxed citizens will have yet another \$6.6 million boondoggle on our hands. Why not look first to year around school, and second to a referendum?

Eddie Stinson  
Wauconda

### Good side of floods

Editor:

Out of every crisis, some good usually comes. This past summer has seen crisis in our communities as the flood waters rose around us. Many homes and businesses experienced hardships and property loss. The good that came from all this was the reaction of the village officials and the residents of each of our villages.

The Round Lake Area Chamber of Commerce and Industry would like to commend each person who pitched in to help those affected by the flood. It was great to witness the spirit of the communities working together to help those in need. The Round Lake Area citizens can be proud of their officials and of their fellow residents. The water dampened everything except the good will of our people.

### Braun fails poor women

Editor:

Imagine my surprise to read that Senator Carol Moseley-Braun withdrew her co-sponsorship from the Senate version of the Freedom of Choice Act (FOCA). Does the Senator really want us to believe she is concerned about poor women?

Reality shows us that the Senate version of FOCA (S25) contains an exception to allow states to refuse to pay for abortions. Thirty-seven states pay for Medicaid abortion only under rare circumstances, including Illinois, which pays for an abortion only to save the life of the mother. Now Senator Moseley-Braun has withdrawn her support from S25 in part precisely because of that exception, which, she said, "allows the states to discriminate against poor women seeking an abortion" (July 8 press release from Senator Moseley-Braun). In other words, the exception would allow Illinois and other states to continue to deny tax funding for abortion, and Senator Moseley-Braun does not think that should be permitted.

Carol Moseley-Braun has been elected to preserve our heritage and posterity, she must begin to speak out for the poor child, both unborn and born, convenient and inconvenient, wanted and unwanted, rich and poor. Certainly the Senator can offer poor women more than the death of their pre-born children.

gional Center (DRC) has been noted by both county planners and the Northeastern Illinois Planning Commission (NIPC). The DRC concept, as expressed in the vitality which Vernon Hills brings to Lake County, has been embraced by many pre-eminent planners as the most plausible response to such central issues facing our region as traffic, employment, housing and stewardship of our natural resources. One report prepared for NIPC concludes "There are no other more attractive options to resolving the problem of regional growth than that of the diversified center."

Contrasting the vibrant and diverse Vernon Hills with the more sedate and insular Mettawa is, ultimately, beside the point. We do not seek to malign our eastern neighbor for their planning values although we (and many others) are justifiably concerned over exclusion of all de-

velopment except large lot residential contributes inordinately to suburban sprawl and its attendant socio-ecologic ills. That a municipality with nary a store nor employment center to support the acquisitive lifestyle of its residents complains about traffic is amusing, if not disingenuous. But I digress.

Though the issue could be framed as a tiff between a community which provides regional services and another which merely consumes, it would be better to turn away from inflammatory rhetoric and toward a more rational discussion of the county-wide merits of particular development plans and strategies. Vernon Hills, for one, stands ready to be an active participant in such a discussion.

Editor's note: Roger Byrne is a former trustee and current village president of Vernon Hills.

# Mother charged with murdering three babies

by SPENCER SCHEIN  
Lakeland Newspapers

Lake County State's Attorney Michael J. Waller charged Gail L. Savage of Wauconda with three separate cases of First Degree Murder for the death of her three children.

Waller announced the charges at a press conference held Sept. 9 at the Lake County Courthouse.

Savage, 30, of 400 Dunbar Rd., confessed to killing her three children to Lake County Sheriff's Department authorities after accompanying her husband, James, to a Grand Jury hearing the day before where he had been subpoenaed to appear.

"It is our belief a blanket was used in the suffocation deaths of all three children," Waller said.

Savage smothered the children in their cribs near or shortly after 12 p.m. in all three cases, when her husband, James, was away at work, said Barbara E. Richardson, Lake County coroner. Waller

said James Savage is not a suspect.

Richardson said autopsies on all three children showed no bruises, injuries or abnormalities in their lungs, other than small, minute hemorrhaging which "occurs in many, many different kinds of death."

Waller said Savage has mentioned no motive or explanation for the murders, and said he was sure her mental condition would be explored in court proceedings.

Savage has been held at the Lake County Jail since her arrest and is currently awaiting for her arraignment hearing which was continued from Sept. 10 to Sept. 27. No bond had been set, a spokeswoman for the Lake County Circuit Court said.

Lt. Chester Iwan said Savage had an emotional breakdown 20 minutes into her husband's interview and confessed to the crimes. She was not scheduled to be questioned at that time, Iwan said.

Waller said an investigation began af-

ter the Savage's third child, five-month-old Cynthia Gail, was found dead by her mother at around noon on July 26. Michael Andrew died after living only a few weeks on Nov. 5, 1990, and 22-day-old Amber Lynn died on Feb. 5, 1992.

Michael's death had been attributed to Sudden Infant Death Syndrome based upon statement's made by the mother to medical personnel, while Amber's death had been listed as "undetermined," by the Coroner's office.

After Cynthia died, a multi-agency investigation was begun, involving the Lake County State's Attorney, Lake County Sheriff's Department, Lake County Coroner, the State Department of Family Children Services and the Wauconda Police Department.

Richardson said an extensive investigation involving experts in SIDS and infant death from San Diego, Milwaukee, Baltimore and Miami was begun to determine the cause of the third child's

death, which had initially been thought of as a possible third case of SIDS in the same family.

In her 17 years in the county, Richardson said there has only been one family with more than one SIDS death, and they had two.

In the investigation, the Savage's water was tested, the Consumer Protection Service was contacted about the crib, the Center for Disease Control was called and the Savage's car was tested for its emissions.

The Cystic Fibrosis Foundation was brought in because James Savage has a child from a previous marriage suffering from the disease, and the investigators looked into epilepsy as a cause, because Gail Savage had been diagnosed as an epileptic, Richardson said.

The Coroner's office is required by law to hold an inquest for all three children's death. Inquests had not been held for the first two children when they died, Richardson said.

## Savage could face death if convicted of murders

### Judge issues gag order in the case

by SPENCER SCHEIN  
Lakeland Newspapers

If convicted of killing her three infants, Gail Savage could face the possibility of receiving the death penalty, Lake County State's Attorney Michael J. Waller said.

Under Illinois law, Savage, 30, could be given the death penalty if convicted of first-degree murder for more than one of the deaths. Savage, of 400 Dunbar

Rd. in Wauconda, was charged Sept. 9 with three counts of murder after allegedly confessing to Lake County Sheriff's investigators that she suffocated the infants with a blanket to stop them from crying.

A gag-order was issued by Lake County Judge Harry Hartel Jr. on Sept. 10, restricting any public comments from investigators, attorneys and law enforcement officials concerning evidence or opinions in the case with the news media.

The order was requested by Savage's attorney, Robert J. Hauser, of Waukegan.

Hauser also happens to be the attorney for suspended Island Lake Police Officer

Rena Jensen who has been accused of shooting her boyfriend, Wauconda Firefighter James E. Johnson, in the head.

Hauser reportedly said Savage had undergone psychiatric treatment in the past after a court hearing Thursday.

Investigators have also said she had taken an overdose of pills for her epilepsy shortly after her first baby, Michael Andrew, died on Nov. 5, 1990, after living a few weeks.

Savage had told investigators she placed a blanket over the face of all three babies in each case until they stopped breathing. She then called the Wauconda

paramedics after waiting a while, and told them she found them dead in their cribs.

James Savage, 36, contends his belief in his wife's innocence, and continues to believe the infants all died of Sudden Infant Death Syndrome.

Amber Lynn died on Feb. 5, 1992 after living 22-days, and Cynthia Gail died July 26, sparking a multi-agency investigation resulting in the arrest of Savage after she broke down and confessed to the murders.

Lake County Coroner Barbara E. Richardson has said it is near impossible for three infants in the same family to be afflicted with SIDS.

## Public reaction mature to HIV infected student

by MARY FOLEY  
Lakeland Newspapers

So far, the community response has been wonderful. Parents and students of Antioch's District 34 schools were recently notified through the September newsletter that a child in the district has been infected with human immunodeficiency virus (HIV).

Superintendent Donald Skidmore reports that they have not had any problems with upset parents or students.

"The community at large is handling it very well," said Skidmore. "The response was as I predicted. The public has reacted with a mature and responsible attitude. I am proud of them."

According to the Antioch Upper Grade School's newsletter, the notification was to assure parents and students that the school district has strict universal precaution procedures in place which will be followed by all employees and students. The precautions are being followed to "virtually eliminate the possibility of spreading any bloodborne infections."

The newsletter emphasized that it is agreed by medical professionals that HIV and AIDS cannot be spread by casual contact. In an effort to educate parents and students, a medical professional will be on hand during the upcoming Open House at the school on Thursday, Sept. 16 to answer questions concerning the hepatitis B virus (HBV), HIV, and AIDS.

It is estimated that one percent of all HIV and AIDS cases are in children under the age of 13. According to the newsletter, it was inevitable that sooner or later there would be a child in the district with the infection.

The district believes they have an obligation to raise the level of awareness of the community-at-large about the necessity of using proper precautions in every environment.

"We want to assure the people we have the precautions in place," explained Skidmore. "More importantly we want to raise the level of awareness of the community in general. There are the precautions everyone should take."

## Literacy volunteers sought

Literacy Volunteers of Lake County is currently seeking for its fifth annual Great Grown-Up Spelling Bee, which will be held from 2 to 4 p.m. on Saturday, Oct. 16 at the College of Lake County in Grayslake.

Any business, organization, or school may enter three-person teams to compete in the fundraising

event. Team registration is \$100 and all the monies raised go to support the work of the Lake County Literacy Program. Previous winners of the old-fashioned spelling bee include: WKRS Radio, Oak Grove School, Friends of the Round Lake Area Library and Lake Forest Friends Meeting. For more information or team registration forms contact Carol Morris at 623-9261.

## Lake County United Way yearly campaign underway

United Way of Lake County General Campaign Chairman, Daniel J. LaVista, Ph.D., President of the College of Lake County has announced early campaign pledges of \$1,040,000 as the organization officially kicked off its annual fund-raising campaign.

"These kinds of early returns are encouraging, since they represent 16 percent of our \$6.5 million goal," said LaVista. "And they bring us even closer to our 'real' goal—to make Lake County a stronger, happier, healthier place for all of us."

"Through our program today, we also wanted to educate our volunteers and contributors on the needs that exist in Lake County and what kinds of programs are available to address these needs. We feel it is important for them to realize how essential their work is with United Way of Lake County, so they understand that their involvement helps to ensure that critical human service programs can continue to address the growing needs in our community," LaVista added.

Abbott Laboratories increased its corporate contribution 5 percent; with a gift of \$640,000. Baxter International, Inc. also increased its corporation contribution 3.5 percent over last year with a gift of \$412,758, of which \$206,379 was directed to United Way of Lake County. Other Corporate Pacesetters are: Ace Hardware-Waukegan; American National Bank of Libertyville; Bertrand's Bowling Lanes; Burgess, Anderson & Tate; Ellis & Company; First Midwest Bank, NA; Harris Bank Libertyville; Marriott Corp.; Marshall Field's; North Shore Gas Co.; NOSCO, Inc.; and PPG Industries, Inc.

Organizations running pacesetting employee campaigns include: A Safe Place/Lake County Crisis Center; All West Plastics; American National Bank of

Libertyville; American Red Cross; Barwell Health Care Center; Big Brothers/Big Sisters of Lake County; Boy Scouts of America, Northeast Illinois Council; Catholic Charities of Lake County; Central Baptist Children's Home; Christian Outreach of Lutherans (COOL); Connection Telephone Crisis Intervention and Referral Service/PADS; Countryside Assn.; Epilepsy Services for Northeastern Illinois; Family Care Services of Lake and McHenry Counties; Family Service Agency of North Lake County; Family Service of South Lake County; and Gateway Foundation.

Girl Scouts-Illinois Crossroads Council; Happy Day Nursery School and Children's Educational Center; Harris Bank Libertyville; Horizons Children's Center; Independence Center; Lake County Council Against Sexual Assault (LaCASA); Lake County Family YMCA; Lake County Society for Human Development; Lake County Urban League; Manpower Temporary Services; Moraine Girl Scout Council, Inc.; NOSCO, Inc.; Omni Youth Services; The Parent Group; Prairie State Legal Service; Rebound, Inc.; SER (Service, Employment, Redevelopment); United Way of Lake County; and YWCA of Northeastern Illinois.

The program featured Chicago Bears Running Back, Neal Anderson, starring in the United Way of Lake County campaign video and Public Service Announcement, produced by Abbott Laboratories' Creative Network.

The United Way of Lake County campaign runs from September through November and enables United Way of Lake County to fund 99 programs offered through 48 local agencies. These programs provided help to one in three Lake County residents each year. For more information or to volunteer, contact the United Way office at 816-0063.

## Calvary Christian School continues to grow, adds on

by ALEC JUNGE  
Lakeland Newspapers

Calvary Christian School is expanding in a big way adding seven classrooms and moving its grade level up to the 11th-grade.

The little Christian school on Monaville Road is offering many of the same programs as the bigger schools. The school is expanding to offer enough space for 267 kids and held a ground breaking to celebrate the addition.

"We had a record breaking attendance year," said Jeannie Gomoll of the Calvary Christian board. "We went from 143 last year to 227 this year. We had to turn people away this year. We started a young five group this year and it has a long waiting list. We had 28 first-graders."

Rep. Phil Crane was among the dignitaries present at the ground breaking ceremony.

The new classrooms will help with the new grade level but will also add needed space for other grades levels as well.

"Next year we will probably be having two rooms for some of the grades. The classrooms will be used for all of the school depending on what needs the most attention," Gomoll said.

Gomoll said part of the new classrooms will be a new science lab for science and biology classes.

"We wanted to keep up with curriculum and the science lab is very important to us," said Gomoll.

Two years from now Calvary Christian will be the only full-fledged high school in Lake Villa.

Besides upgrading the classrooms and space, Calvary is improving the sports programs it offers. The kids may now compete in soccer, basketball, volleyball and for the first time in spring, track. The school will also play in conference with all Catholic schools for the first time.

Gomoll said the school being smaller than most schools is a real benefit.

"When the school is larger it's more difficult and there are problems. We are a smaller Christian school where you know your kids will be safe," Gomoll said.

Gomoll added people from throughout Lake County and into Wisconsin come to Calvary. "We have a lot of students from Gurnee. It caught us by surprise a lot of people from the Navy base in North Chicago came. We have some from as far west as McHenry, north to Wisconsin and to Mundelein in the south."

Gomoll said parent involvement is an integral cog that makes the school better.

"The key to our success is parental involvement. The parents go above and beyond what you would expect," Gomoll said.

## Phony art work awaits London investigation

by MARK HAHN  
Lakeland Newspaper

College of Lake County officials remain baffled over the "Von Saloschin/Hirth du Fresnes Collection" fraud, and the "disappearance" of Bryn Lloyd Williams of the European Business Institute in Dublin, Ireland.

According to Evelyn Sheile, P.R. director at CLC, the only communication that has taken place between the college and Williams' European Business Institute was in the form of two letters.

The first, written by college officials, was to notify the Institute of the issues of fraud surrounding the author of the works. The second, written by the Institute, was a request to keep the supposed \$3.4 million collection in storage until a freight handling firm takes the art work to London for further investigation.

The Institute has yet to contact the college with authorization to pick up the works. The college has been cautioned not to release the collection to the exhibit's owners until authorized by authorities. The situation is currently under investigation to see if any legal action will take place.

Williams did not attend a scheduled reception to kick off the art show at the college, and according to a receptionist at the Institute, is out of the country.

"The art gallery has had a good record in the past with bringing shows into the community, and it is unfortunate that this has happened," said Sheile. "If we ever have history works shown at the art gallery, we will have a healthy skepticism if anything raises flags in the future."

College officials postponed the exhibit indefinitely on its opening day, Sept. 1, after suspicions concerning the collection's authenticity were made by several art dealers invited to the exhibit from Chicago. The exhibit was then canceled Sept. 2, after confirmation from independent art experts that the art work was fake. The exhibit was originally scheduled until Sept. 26.

"We believe that there are some very important testimony that the work isn't authentic, and as a college, we did not want to be a participant," said Dr. Daniel LaVista, president of CLC.

LaVista said that CLC's expenses are minimal. "We only had to pay for transportation and not to have the art work displayed here. Our expenses were very modest from postcards and other mailings, but we do not consider this a major financial difficulty."

CLC was the 12th stop of a 24 stop tour of colleges around the United States ranging from Los Angeles to Auburn, Ala.

## Task Force working to strengthen racial ties

by MARK HAHN  
Lakeland Newspapers

The second meeting of the Lake County Unity Task Force will be held Sept. 23 from 7-9 p.m. at Daisy's Resource Development Center in North Chicago to discuss ways to strengthen ties of racial unity.

"A lot of people may be prejudice and not know they are, and use prejudice or racial statements," said Jim Polley, Antioch resident and co-organizer of the task force. "We will be showing a videotape on prejudice narrated by Bill Cosby on practical and positive ways to undo racism, and we will have a presentation made by our guest speaker, Henry Curry, former chief executive officer of the Lake County Urban League." Curry will speak on: "Racism: Just Undo It."

"We feel that the thrust of the task force is to bring all Lake County residents together including individuals, businesses, and the corporation structure to discuss race unity," said Wadell Brooks,

a community activist and North Chicago resident who the program. "It has been co-organized and sponsored referred to as America's most challenging issue."

## Ingleside contractor lives American Dream

With the footsteps of a national recession and alcoholism behind him, Ingleside building contractor Bill Carey is living proof of the American dream and a perfect role model for those who don't venture down the right path early in life.

Carey, a nine-year resident of Lake County, runs three businesses out of his home, with the help of laptop computers, cellular phones and fax machines.

"I love technological gadgets," said Carey. "With my computer, I can do

everything myself. I don't need an office staff."

Carey owns Bill Carey Construction, Carey Photography and a new venture, Butler/Carey Development, Inc.

Bill Carey Construction began some 18 years ago in the Lincoln Park area of Chicago, where Carey worked as a carpenter for a major contractor in the area.

"Traditionally, carpenters ran the whole show when they built a house," said Carey. "I figured I could do it too."

Since then, Carey's construction company has focused its attention on the remodeling, renovating and adding additions to homes as the major portion of its business.

With seven full-time tradesmen as employees, Carey competed and won \$2 million in bid work last year from homeowners from Chicago to Antioch.

"I would like to do more work in Lake County," said Carey. "I want my main interests to stay in the county."

Carey's reputation, according to his clients, is flawless. It is this reputation that gets Carey's projects noticed and his company other jobs.

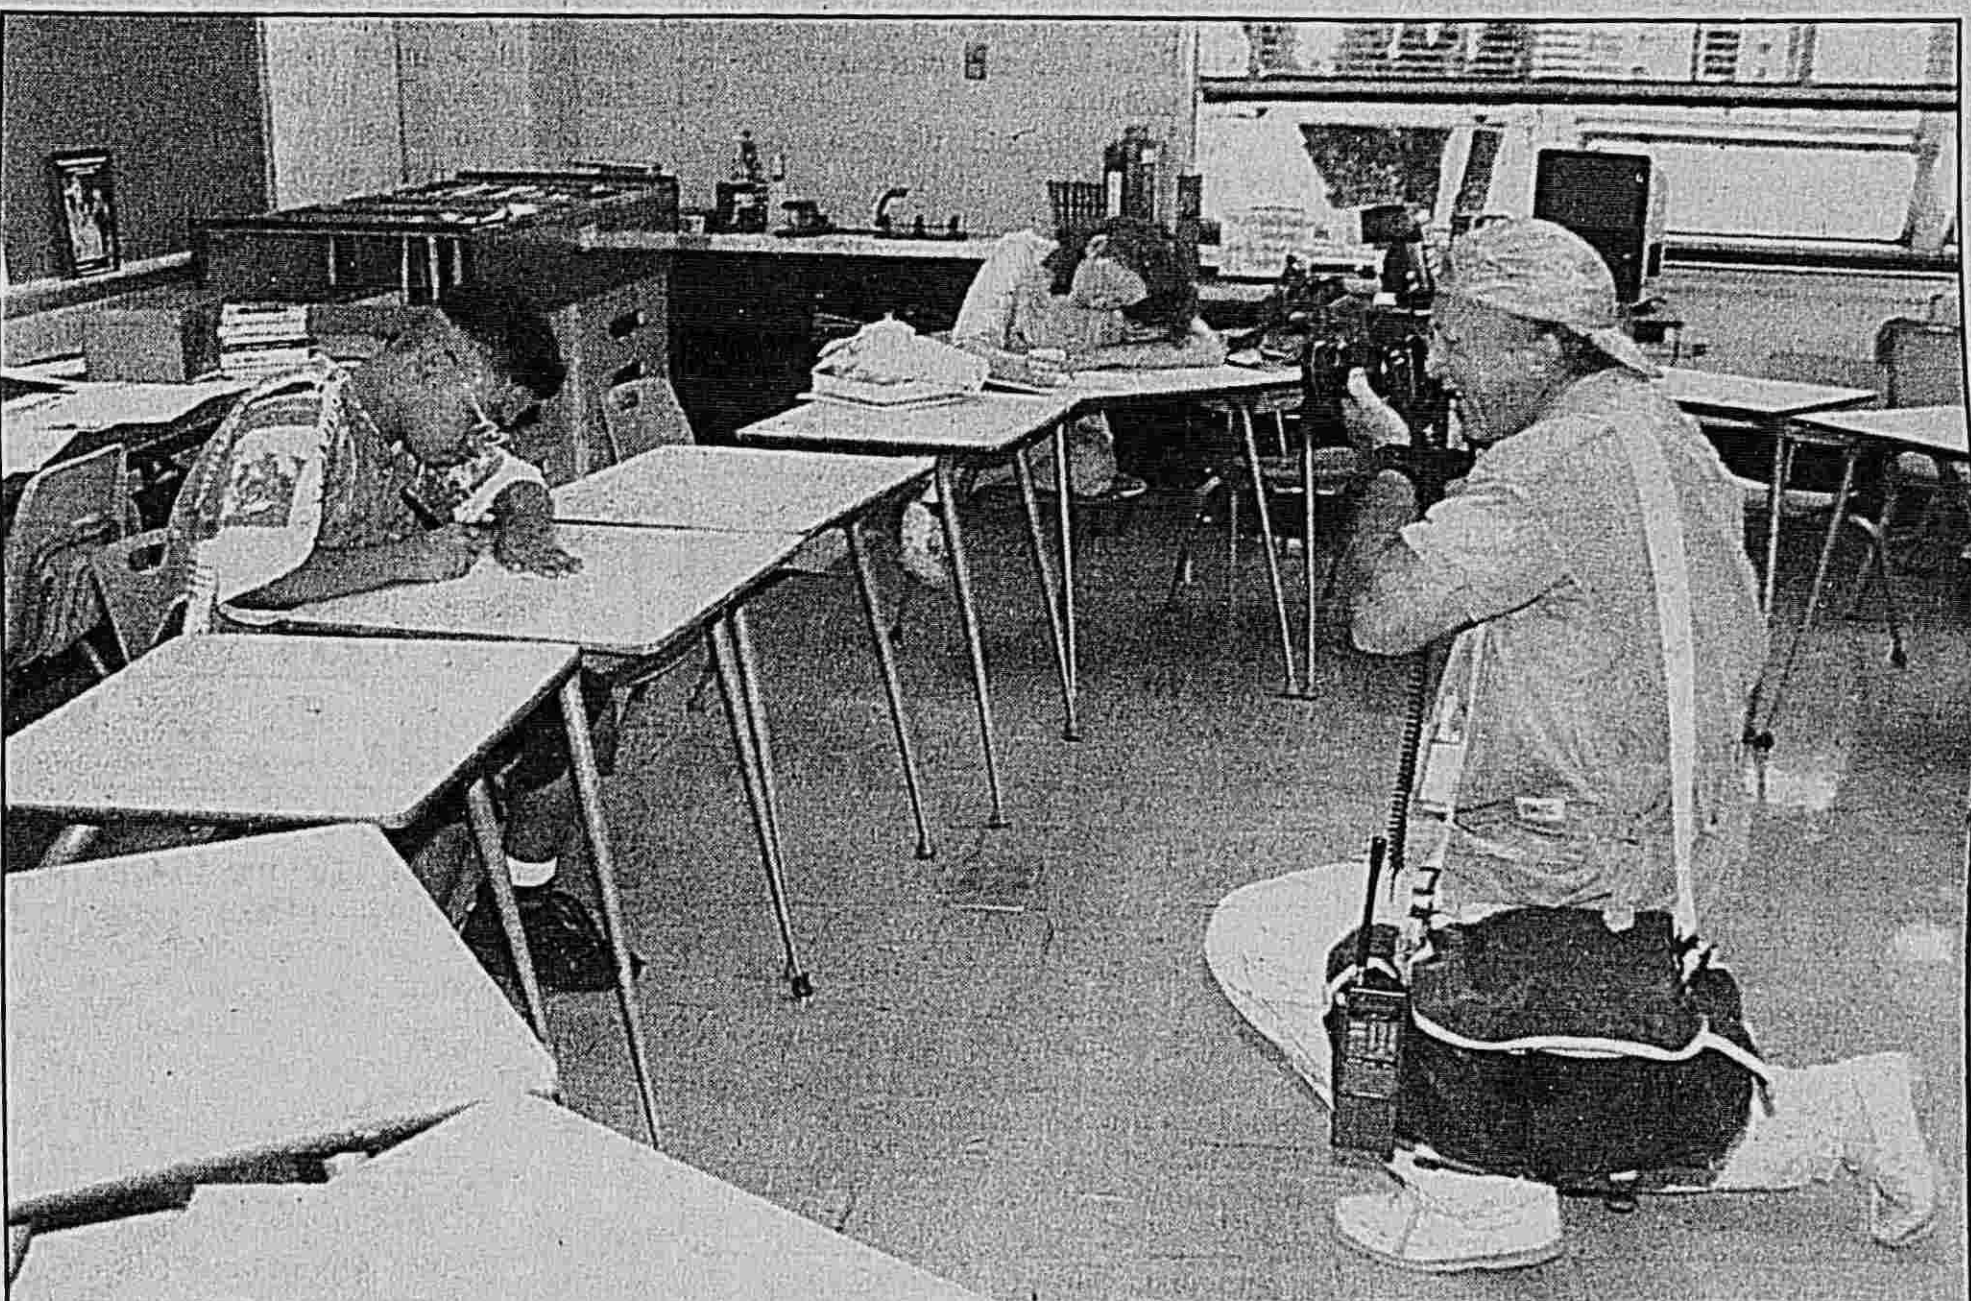

"There isn't a job I've ever done that I wouldn't use as an example of my work," said Carey. "After a project is over, I like to sit down with my client over lunch and talk about how we did. I couldn't live with myself if I treated my customers like some of these contractors do."

To keep his flawless reputation, Carey diligently screens every particular job applicant and looks for a specific tradesman before hiring them to a job.

"I look for people who know the trade well and don't cut corners," said Carey. "They must take pride in what they do, otherwise they won't do their task well."

Carey adds that he looks for tradesmen that work on their own well and don't need to be babysitted.

"I look for people who think for

## Baxter announces actions to address health care

Baxter International announced that it will undertake a series of actions to enhance its leadership position in health care worldwide and to address the sweeping economic changes anticipated in the U.S. health-care system during the coming months.

"Baxter enjoys leadership positions in nearly all of its core businesses," said Vernon R. Loucks, Jr., chairman and chief executive officer. "Our long-term strategy is clear. We will provide the best mix of products and services to help our customers reduce their total costs, we will emphasize innovative technology and research, and we will expand our international presence."

The effects of managed-care initiatives and the anticipation of health-care reform already have caused revenue growth to slow in the health-care products and supplies industry. With adjusted patient days continuing to decline, the S&P Medical Products and Supplies Index has shown a decline in revenue growth. Sales for all the companies in that index increased 11.6 percent from 1991 to 1992, but growth slowed to 5.4 percent in the first quarter of 1993 and slowed further to 3.6 in the second quarter.

"Baxter did show revenue growth of 6.5 percent for the second quarter of 1993," Loucks said. "But in taking actions to increase our market share, our mix of lower-margin distributed products has been higher than expected. This, along with continued pricing pressure, has put added pressure on our gross margins." Baxter said that, considering current market conditions, it expects good relative sales growth in the third quarter, which ends Sept. 30. However, neither the increase in sales nor the improvement in gross margins has been as strong as expected, Baxter officials announced.

"Leaders must react quickly to impending market changes, and the changes in health care will be profound, whether federally mandated, state initiated, market driven, or most likely all of the above," Loucks said. "We emphatically support the need for improved access to affordable, high-quality health care in the United States, in spite of any short-term pressure it may impose on our markets. Our job is not to resist changes within the health-care delivery system but to position Baxter to extend its market leadership in a more competitive environment."

Baxter said it would take several steps to address changing market conditions and customer needs. The company will accelerate its program to reshape its U.S. sales-and-service force to meet changing customer requirements and the unique needs of a more regionally integrated health-care delivery system. Baxter will continue to invest in its powerful distribution, systems and logistics capabilities while focusing on ways to lower its total distribution costs.

Loucks said the company has been successful at containing sales, Baxter will (Continued on page 19)

**Ameritech (AIT)**—The monthly phone bill that you have been receiving that used to say Illinois Bell will now be saying Ameritech. Just one of the changes for the fourth largest regional bell holding company, which also holds Indiana Bell, Wisconsin Bell, Michigan Bell, and Ohio Bell.

Ameritech has been seeking to expand their operations from more than just our local phone company. As the baby bell's tries to crack the long distance market as well as the cable tv markets. On the other hand, AT&T is trying to get the government to allow for competition in the local calling market.

Other new developments for Ameritech have been the scanphone which can be used for electronic bill paying, caller ID services, mail order, and grocery shopping.

In addition to the local developments, Ameritech has subsidiaries in New Zealand, Poland, and Germany.

An expanding company, Ameritech trades at about 87 3/8 range, with a P/E of 17.4. They recently raised their dividend 5 percent to \$3.68 a share for a recent yield of 4.1 percent. Which makes it a good looking buy for investors seeking growth of principal and current income.

**Brunswick (BC)**—When you

Noah A. Seidenberg

think of bowling the name Brunswick probably comes to mind immediately, but did you know that bowling products only account for about 25 percent of sales? The remaining 75 percent comes from the marine unit which produces pleasure boats and engines.

The bowling seems to be a higher profit item since \$65 million in profits came from the bowling area and only \$45 million from the marine unit.

As Brunswick has seemed to bounce between profits and losses the last few years, light could be at the end of the tunnel. With EPS of \$.45 in 1992, 1993 est. EPS at \$.51, and 1994 EPS at \$.77, the future could be more profitable.

Adding to the unclarity are a couple of other factors, the first being a new president and chief officer John Reilly coming over from Tenneco automotive. Jack Reichert who was president will remain chairman and chief executive officer.

## Summer program helps students make career choices

Nearly 200 college students from across the country headed for northern Illinois to work as interns at Abbott Laboratories' world headquarters this summer.

Students from more than 60 colleges and universities, who are pursuing bachelor's, master's, master's of business, doctorate, medical, and veterinary degrees, worked in paid internships in areas such as science, accounting, engineering, marketing, and computer science.

"The internship program offers stu-

dents training and experience in potential careers, while it helps us develop a future work force for Abbott," said college relations manager Jean Jackson-Swopes, Ph.D. Student interns also were employed at other Abbott facilities throughout the country.

Nearly 60 percent of the interns are majoring in engineering and science; 25 percent, business; and 15 percent, social sciences.

themselves and the company when they are on a job," said Carey. "One new employee didn't even make to 7 a.m. on his first day of work. I told him what he was to do that day and he put his tools back in his car and drove away. He told me, 'I'm not going to work that hard.'"

As a reward for their loyalty and professionalism, Carey pays his employees near or above competitive union wages.

In the future, Carey plans to keep his construction company the way it is for now, with only some work for commercial and industrial complexes changing his routine of working on people's homes.

"I'm not the lowest price out there, but I'm not the highest either," said Carey. "However, I'm the best value for the quality of the finished job and no one can beat my customer service."

Carey adds that people who wish to add on to or remodel their home should check out a contractor before signing a contract with them.

"If people were more educated about who they are hiring, they could avoid a lot of the problems that arise later in the project," said Carey, who tells horror stories of negligent contractors causing home fires, delaying completion of the project and high cost overruns. "They should check the contractor's previous work to see what they are getting before hiring them."

Carey's newest project is Butler/Carey Development, where Carey hopes to build a few \$120-150,000 homes in a developed, established neighborhood, and a small rental complex, so his company

can build equity.

"There is a real market for this type of home in an established neighborhood," said Carey. "My gut instinct is that this will be a real popular project for us."

Carey's partner, Ed Butler, is Carey's superintendent of his construction business and know Butler will be able to handle the new venture.

"My only problem is going to replace him for the construction business," said Carey.

Finally, Carey owns a photography business, which he calls his hobby. Bill Carey Photography is how Carey "blows off steam" and manages the work-related stress that comes from the construction business.

"It's a gas," said Carey. "I just love to take pictures."

Carey will be attending the 1994 Olympic Games in Atlanta as a official photographer for the summer games.

"I will get to be in the photography well with the guys from Sports Illustrated," said Carey. "It's going to be fun."

Unstaged events like fires, accidents and other news feature photos are what Carey loves to shoot the most.

Carey, who has a wife, and three kids, ended his interview by dropping the bomb that he is a recovering alcoholic and that he lost everything 10 years ago to the disease.

"I just want everyone to know that you can beat any odds against you if you never give up," said Carey.

The American dream is still alive in Ingleside, and Bill Carey is living it.

accelerate programs to reduce this level of expenses further. "Our employees have done an exceedingly good job at improving productivity," Loucks said. "Between 1988 and 1992, operating income per Baxter employee increased 70 percent, while sales per employee rose 34 percent. Those are impressive improvements, but the changes in our market will require all competitors in the industry to initiate ac-

tions to increase productivity further. We intend to continue to be a leader in driving down costs."

The company will reassess its technology and R&D productivity, with the goal of reallocating investments to areas that hold the greatest promise to produce new products, while reducing health-care system economics and enhancing clinical care.

## CPA society provides tips on home business start up

You need more than a good idea to launch a small business. To join the ranks of successful entrepreneurs, the Illinois CPA Society says you need a good business plan, marketing savvy and sufficient capital, as well as a lot of self-discipline and energy.

With the right skills, in the right business, in the right location, you can be successful in hundreds of businesses. However, you should make sure the business you select suits your personality, interests and experience. If you don't enjoy what you're doing on a day-to-day basis, it will be difficult to put in the time and energy necessary for your business to succeed.

If you're thinking about opening a dry cleaning business, for example, but there are already three dry cleaners in your chosen locale, you'll have little chance of being successful. On the other hand, if you're thinking about opening a small print shop, even if there are no others in the area, you'll need to determine whether there are enough businesses and organizations that need and can afford your services.

Once you've identified your niche, carefully research the best site for your new business. The primary consideration in locating your business should be potential customer traffic. A business that may thrive in a shopping mall may flounder in a suburban main-street location, or vice versa.

Next a business plan can help you organize your thoughts and observations, point out potential problems that require more thought and analysis, and guide you through a maze of business decisions. Your plan should include a detailed description of the business, an inventory of your skills, an explanation of your market, information about your competition,

management policies, marketing and distribution strategies and financial information.

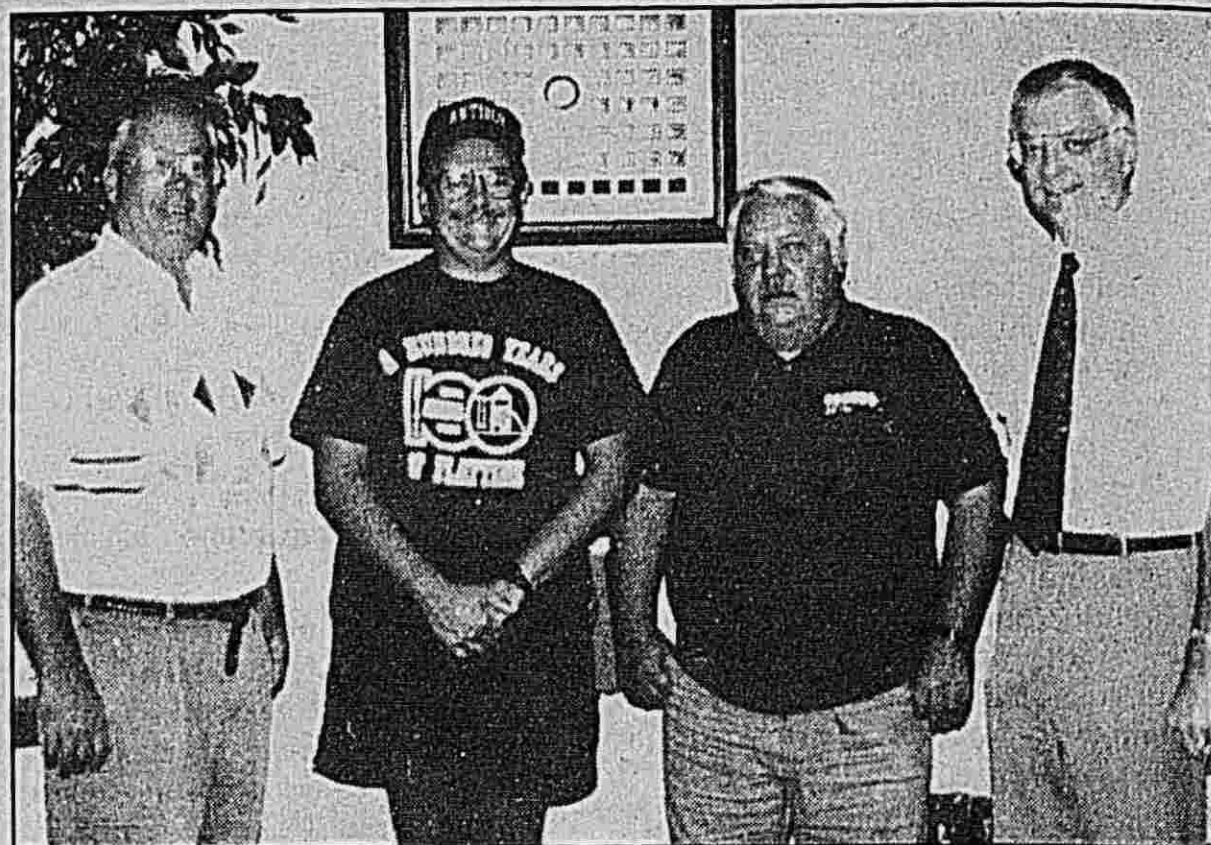

Raising the capital you need to get your business up and running is often the most difficult and frustrating step. For starters, banks seldom lend anyone start-up capital for a new business. The few that do usually expect you to raise at least 50 percent of the money you need on your own. In fact, most potential lenders will expect you to put some of your own money on the line.

If you don't have enough savings, you may have to cash in some of your investments, borrow against the cash value of your life insurance policy, take out a home-equity loan, or even refinance your mortgage to obtain the equity in your home.

If you still can't raise enough money on your own and your loan requests have been turned down by banks, you may be able to obtain funds from the Economic Development Authority in your state. You can also look to the Small Business Administration for help.

Even after you obtain the financing you need, CPAs say you'll be faced with a host of other decisions, such as how to structure the business, obtain adequate insurance coverage, secure appropriate licenses, set fees for your products and services, and establish bookkeeping and accounting systems. Advice from professionals, such as CPAs and attorneys, will help you launch and nurture a thriving business venture.

For additional information on how CPAs can help you with almost every business decision, contact the Illinois CPA Society at 1-800-572-9850 and request the brochures in the series, "Business Advice from CPAs."

### State Bank donates

The State Bank of Antioch, which purchases two steer annually for donation to local organizations like the Antioch Rescue Squad and Antioch Youth Baseball, used the help of the Antioch Lions Club's Auction to raffie off the steer to benefit these organizations. The winners of the 1993 raffle were: Gary Cybul, first prize half-beef valued at \$500, Karen Martuccilli, second place valued at \$350, and Dick Allred, third prize valued at \$300. ## Illinois CPA foundation hosts internal auditors conference

The Illinois CPA Society/Foundation will host the 1993 Internal Auditors Conference on Sept. 22, at the Hyatt Regency Chicago, 151 E. Wacker Dr., Chicago.

This year's conference features former federal prosecutor William J. Cook, attorney, Willan Brinks Olds Hofer Gilson and Lione. Using actual case histories, Mr. Cook will describe the current state of computer technology used by international computer "intruders."

Other highlights include practical cost reduction strategies internal auditors can

use to reduce healthcare costs, liability issues facing internal audits, negotiation and persuasion techniques, global "best practices" in internal audit, and the key principles and impact of TQM.

This one-day conference qualifies for eight CPE credits and begins at 8:25 a.m. with registration at 7:30 a.m. The cost is \$210 for members and \$225 for nonmembers. Registrations will be taken on-site for an additional \$25. To register call (312) 993-0393 or 1-800-572-9850 and ask for CPE registration.

## U.S. business leaders to join Illinois senators on Sept. 18

Peter Fasseas, chairman of the board of the North Community Bank Group, and Howard J. Vondruska, acting regional administrator of the Small Business Administration will join Senators Paul Simon and Carol Moseley-Braun when the newly-organized Illinois Small Business Support Group holds its first Small Business Forum on Sept. 18.

The innovative Small Business Forum will be held in the Behavioral Sciences Building Auditorium on the campus of the University of Illinois in Chicago. The forum is co-sponsored by the U. of I.'s Center for Urban Economic Development.

The all-day program will begin at 9 a.m. After an intermission from 12:30 to 1:30 p.m. the program will resume from 1:30 to 4 p.m.

According to Frank Bloom, executive director of the ISBSG, the day's program will be devoted to developing a dialogue between speakers and small business

owners to identify problems inhibiting business growth and employment. This will include specific issues such as the generation of needed credit and capitalization and the impact of new government legislation such as health care reforms on small business.

Admission to the Illinois Small Business Forum is free to members of the ISBSG and \$25 for non-members.

Annual dues in the Illinois Small Business Support Group is \$75 per person. Applications and information can be obtained by contacting the ISBSG office at 515 E. Golf Rd., Arlington Heights, Ill. 60005.

Senator Simon is honorary chairperson of the ISBSG and has pledged the help of his office in attaining the goals of the organization. Angelo Geocaris is the chairman of the board of directors.

Additional information about the Small Business Forum on Sept. 18 may be obtained by calling Frank Bloom, executive director, at 228-6200.

## College of Lake County to offer new franchising course

An inside look at the business of franchising will be provided in a new course offered by the College of Lake County this fall. The four-week course, "The Truth about Franchising" will be held from 7 to 9:30 p.m. on Mondays beginning Sept. 20 at the Area Vocational Center in Grayslake.

The course will include a review of

the past, present and future of the franchising industry, an analysis of the procedures to be followed when investigating the purchase of a franchise and a discussion explaining why some franchising systems fail and others succeed.

The cost is \$35. For course information, call 223-3616. To register, call 223-6601, ext. 2573.

Bake at 350 degrees for 15 to 20 minutes. Serves four.

Recipe is from the 1992 Chef Cuisine cookbook.

Chef Claude Hagwood, Country Squire Restaurant, presents a variety of cooking demonstrations at the 1992 benefit.

## Taste area's finest at Chef Cuisine benefit

For 13 years, the Famous Chef Cuisine benefit has been tempting the palates of Lake County residents. This year's benefit promises to be exceptional due to an increased involvement of the chefs.

Chef Cuisine is organized by Victory Hospital Foundation and Friends of Victory. Proceeds benefit the Chemical Dependency programs at the hospital. It will be held Sunday, Sept. 19, 4 to 8 p.m., at Midland Country Club in Wadsworth.

Barbara Donaldson, chairperson of this year's event, has been involved in Chef Cuisine since its inception. After so many years, the sponsors considered discontinuing the venture. However, Donaldson said, the chefs kept the event alive.

"The chefs saved it," said Donaldson. "It's an opportunity for them to get exposure and to repay their patrons for coming."

This year, a group of chefs was involved in organizing Chef Cuisine. "They had their input in how to set up. They helped us decide on entrees," said Donaldson.

"It's made it more exciting to know that everybody is involved. It's going to be quite a great affair," said Donaldson.

Visitors to Chef Cuisine will have the opportunity to taste favorites from more than 20 area restaurants. They will also be invited to watch cooking demonstrations by many of the chefs.

Those who would like to attempt cooking up some gourmet delights, will be pleased to receive a complimentary 1993 Chef Cuisine Recipe Booklet. Donaldson said this year's book will be much larger and better than last year's. "Most of the restaurants have turned in recipes, some didn't want to. But we should have about 50," said Donaldson.

A highlight of Chef Cuisine will be an ice carving demonstration by Nadeau's of Forest Park.

Participating restaurants are Beginnings/Lake County Area Vocational Center, Grayslake; Bertucci's Restaurant, Highwood; Casa Bonita, Waukegan; Chef Tony's Taste of Spain, Waukegan; The Country Squire, Grayslake; Dancing Noodles Cafe, Highland Park; Harry

Carey's, Wheeling; LeFrancais, Wheeling; Louie's Restaurant, Waukegan; Madison Avenue, Waukegan; Mario's Green Bay Inn, Highwood; Market Square Pastries, Lake Forest; Mathon's, Waukegan; Mers, Wauconda; Pepe's Mexican Restaurant, Waukegan; Piech's Polish Deli and Restaurant, Libertyville; Raffaelli's Italian Cafe and Banquets, Lake Villa; Saddles & Silks, Waukegan; Sail-Inn, Fox Lake; Saluto's, Gurnee; The Shrimp Walk, Highwood; The Silo, Lake

## CLC theatre department to open children's play

"Puss in Boots," the College of Lake County theatre department's fall children's production, will open Friday, Oct. 8 in the CLC auditorium.

Written by Max Bush, the classic fable will entertain the audience as they witness the travel adventures of Claude, the youngest son of a miller, and his loyal cat. The clever puss wins his master's boots in fair combat, and they set out to find their fortune. During their travel, they meet a king and his lovely daughter and a monster who vows to marry her.

The play, recommended for children ages 4-10, is directed by Robert J. Coscarelli, CLC's theatre instructor. Tickets are \$5 for the general public and \$3 for children and CLC students. For group rates call 223-3623. For tickets call 223-6601, ext. 2300.

The show will be presented at the College of Lake County's auditorium, 19351 W. Washington Street, Grayslake, Oct. 8 at 10 a.m. and 1 p.m.; Oct. 9 at 2 and 7:30 p.m. and Oct. 10 at 2 p.m. The show will also be presented Oct. 17 at 2 p.m. at Stevenson High School and Oct. 23 at 2 p.m. at Lake Zurich High School.

### Explore at CLC

The College of Lake County's "Explore" series for junior high students will be expanded from a half-day to an all-day program this fall beginning Sept. 25. Students may enroll in up to three classes offered from 9:30 to 11:30 a.m., 12:15 to 2:15 p.m. and 2:30 to 4:30 p.m. at CLC's Grayslake campus.

The Sept. 25 morning session will include such classes as "Theater Games," "Beginning Ceramics," "A Soaring Sight: The Red-Tailed Hawk" and "Foil Fencing." Early afternoon classes will consist of "Improvisation," "Sabre Fencing," "Beginning Ceramics" and "A Soaring Sight: The Red-Tailed Hawk." The final afternoon session will offer "Archery," "Sign Language Part I," "Country and Western Dance" and "Yoga."

Other "Explore" courses will be offered Oct. 23 and Nov. 20. The cost is \$10 per class or \$25 for three classes. Students may bring their lunch or purchases lunch from the cafeteria. For registration and course information, call 223-3616.

### Adler Center holds registration

David Adler Cultural Center (DACC) is now accepting registration for a wide array of classes for all ages in visual arts, music and garden arts. The Cultural Center's mission is to help people "make the arts part of daily life."

A wide range of classes will be offered for young people of all ages. Children between the ages of 4 and 6 can take part in a special art class just for preschoolers. Classes for elementary students include drawing, ceramics and several classes which introduce children to a variety of artistic media. Teen can take challenging classes in pottery or mixed media drawing.

For the musically inclined, the Cultural Center offers a variety of classes for all ages. "Rockabye Babies" is offered for little ones aged 6 to 18 months. "Tuneful Toddlers" will awaken the musical aptitudes of 1 1/2 to 3 years and children between the ages of 3 and 5 will enjoy, "Young Musicians in Motion." These classes will provide an introduction to rhythm and pitch through movement, games and exercises based on the Orff-Schulerk approach to music education.

Most classes begin the week of Sept. 13 and meet for 15 weeks through January 1994.

Kreissl family, formerly of Lake County, with their Classic Car Rally trademark car, a 1939 Ford Deluxe Tudor. George, Jan and Kurt are getting the 16th annual event organized through the Corinne Kreissl Memorial Foundation, the Rally's sponsor.

## By-gone era recreated in Lake Geneva

A glimpse of the colorful by-gone era of Lake Geneva will be recreated when the 16th Annual Classic Car Rally returns to the area on Saturday and Sunday, Sept. 25 and 26. Hundreds of vintage and special interest vehicles will converge on the Lake Geneva, Wis. landscape to tour around the lake.

The annual event, is sponsored by the Corinne Kreissl Memorial Foundation, Inc., of Lake Geneva

with the cooperation of the Americana Lake Geneva Resort, Geneva Lake Area Rotary Club. The host site for the event is the Americana, one mile east of downtown Lake Geneva.

Registration for the rally is from 1 to 6 p.m. on Saturday or 8 to 11 a.m. on Sunday at the Americana Ski Chalet. Stops in five zones around the lake include: Next Door Pub, Cactus Club, Popeye's,

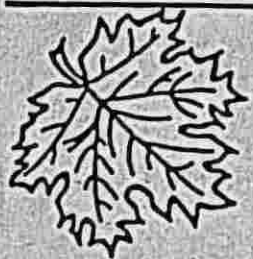

Mar's Resort, Foley's Bar and Grill, Geneva National Club House, Cafe Calamari, Who's On Third, Chuck's Lakeshore Inn, The Abbey Harbor House, Waterin Jakes Saloon and Eatery and Celebration on Wells Street.

The Classic Car Rally's own air wing called, "Liflight" or "Flight for Life," featuring antique airplanes and Warbirds from the World War II era, will be in the sky over the

event on Sunday only, weather permitting. A fly by over the car show is planned between 1 and 1:30 p.m. on Sunday, as the vehicles are lined up at the Ski Lodge.

The Rally will feature a Grand Car Show Finale at the Americana Lake Geneva Resort Ski Chalet on Sunday at noon.

## Fall is time fertilize lawns

It may sound crazy, but lawns do grow underground during the dormant period, and that's why it's so important to feed a lawn in autumn. As a general rule, feed a lawn about a month before it goes dormant.

Grass growth slows down in autumn so that more energy is put into storing food in the root zone. The roots will con-

tinue to grow even during very cold weather. The root system will thicken to provide a denser, healthier lawn in spring.

Fertilizer provides nitrogen, phosphorus, potassium and certain key elements like iron. The root takes these nutrients, plus air and water, from the soil and sends them up to the green grass blades. Sunlight helps

turn them into sugars. The sugars are then stored in the root system to power root development during the dormant period, and to give the lawn a quick greenup in spring.

Nitrogen is needed for leaf growth and a healthy green color. Phosphorus promotes healthy root development. Potassium, or potash, helps turfgrasses resist disease.

## Horoscope

**ARIES** (March 21 to April 19) The signals you receive in business may be unclear. Make sure you know what is expected of you. A friend asks for your help. Guard against extravagant shopping on impulse and overspending on pleasure interests. Honor a social obligation this weekend.

**TAURUS** (April 20 to May 20) Read the fine print on travel brochures when making plans for a vacation. Advice you receive this week seems contradictory. Behind-the-scenes business moves pay off for you. Don't let one thing going wrong spoil your whole week. Avoid domestic quarrels.

**GEMINI** (May 21 to June 20) Be down-to-earth and practical where money interests are concerned this week. Resist fly-by-night propositions. A date may be cancelled now or a trip may have to be postponed. Don't get discouraged or become reckless in the aftermath. Watch argumentativeness this weekend.

**CANCER** (June 21 to July 22) Mix-ups in communications impede collaborative efforts this week. Couples should listen to each other carefully. Self-discipline and hard work bring work gains. Home-based activities bring joy. A friend is somewhat difficult this weekend.

**LEO** (July 23 to August 22). Concentrative powers may not be at their best, and work performance may be erratic. A change in your daily routine is likely now. Being too pushy or aggressive could rub a higher-up the wrong way. Try not to force issues.

**VIRGO** (August 23 to September 22) Work progress may be less than you had hoped for this week. You may take issue with what you feel is unmerited criticism. Guard against wasteful spending. Social plans may be upset now or a child acts up. The weekend finds you in a working mood and very productive.

**LIBRA** (September 23 to October

22) An expected home delivery may not be on time. A relative's unconventional behavior surprises you. Real estate dealings aren't favored. A friend may be out of sorts. Responsibilities in connection with children take priority now.

**SCORPIO** (October 23 to November 21) Things seem to be in a muddle regarding a career endeavor this week. An important paper may be misplaced. You are better off doing things yourself now than counting on the cooperation of others. Be low-key at work.

**SAGITTARIUS** (November 22 to December 21) Use good judgment when shopping now or you may purchase something you really don't need. Interruptions may interfere with getting down to work. Try not to rush things when you finally get started. A familiar haunt is fun this weekend, but romance is iffy.

**CAPRICORN** (December 22 to January 19) Try to keep a relative abreast of your schedule this week. Don't keep family members waiting if possible. You may be upset this week about a financial concern. Try to be levelheaded in business now. Keep your feet on the ground. Look for bargains when stocking up on necessities this weekend.

**AQUARIUS** (January 20 to February 18) Facts are hard to come by now. Someone is not telling the truth or doesn't know what they are taking about. Your moods tend to vary this week. At first, you seem down, then you are overly exuberant. The weekend brings an accomplishment of a mental nature.

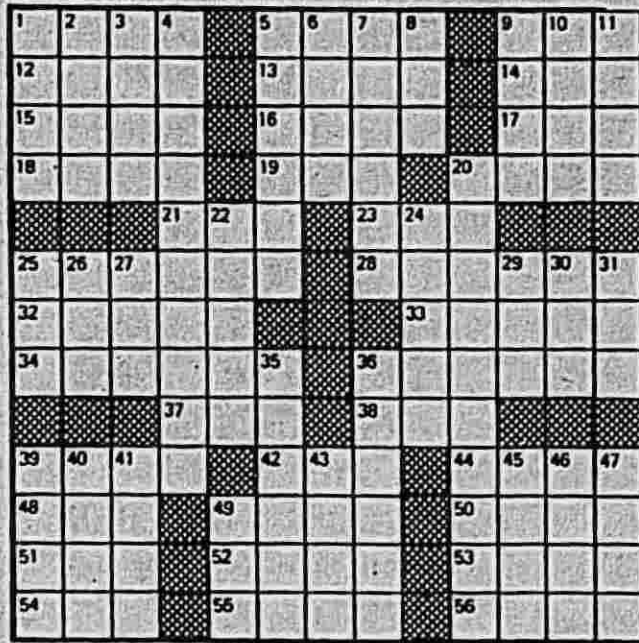

**PISCES** (February 19 to March 20) Unexpected expenses could crop up now. An undependable friend shouldn't be counted on. It is best to do things yourself this week rather than to rely on others. An argument is sure to erupt if you are not more patient with a co-worker. Be skeptical of big money propositions.

## Las Vegas At Sea

by JIM WARNKEN,  
PRESIDENT, NORTH STAR TRAVEL, INC.

She's always dreamed of cruising the sunny Caribbean. He just can't wait to hit the tables in Vegas. (Or is it the other way around?)

Neither of you can get away for more than 3 or 4 days, and the budget's a little tight this year, so it looks like a cheapie three day Vegas package is the only choice.

Not so.

Only a few years ago a three day cruise meant sailing on a small converted trans-atlantic passenger ship offering little more than a couple of slot machines and very amateurish shows.

Times have changed. Most of today's ships are as big as many of the largest resorts in Las Vegas and now offer full casinos.

For example, Carnival Cruise Lines ship, The Fantasy, which does three and four day sailings, has no less than 215 slots and 27 gaming tables including Blackjack, Craps, Red Dog, Roulette and Stud Poker. Lotteries, Bingo and many other games of chance are offered during the cruise.

Two professional full production Las Vegas Style Shows are offered nightly. Unlike Las Vegas, though, these shows are free.

The food may be cheap in Vegas, but on a cruise ship you can have eight meals a day, a midnight buffet and 24 hour room service, including breakfast in bed—all for free.

Casino hopping your thing? No problem since most 3 day cruises dock at Nassau, the home of the two largest casinos in the Caribbean. You can get to either by cab, but for some fun ask your travel agent how to get to the Crystal Palace on the Green Bus for a '1 or Paradise Island Casino via "Bum Boat" again for a buck.

So how do we stay within a Vegas budget and still take a cruise? Actually a three day cruise costs only about \$30 a day more than the average three day Las Vegas package and your meals, entertainment and lots more are included free.

## 'Fall' into great dining at Mers Restaurant

Mers Restaurant in Wauconda has some super special fall treats this month.

Feast on a full pound of succulent King Crab legs for just \$14.95 any evening. Other fresh seafood specialties will tempt the palate as well, and the all-you-can eat fish fry for \$5.95 on Fridays is too good to miss.

For the gourmet chicken lovers, Mers presents Chicken Marsala, topped with a delicious mushroom wine sauce and served over a bed of tender spinach noodles. This wonderful selection is only \$10.95.

The Sunday Brunch at Mers is legendary. Choose from an inviting assortment of 10 hot breakfast selections or order a custom made omelet from the talented hands of Chef Kelly. Served from 10 a.m. to 2 p.m., the brunch also features a salad bar and a tantalizing pastry table. All this for \$8.95 for adults and \$5.95 for children 10 and under.

According to an article in North Shore Magazine in 1990, Mers has the best ribs

around. The restaurant is also noted for its prime rib of beef.

On Saturday evenings, stop by to enjoy Karaoke entertainment. The lounge is a great place to eat, drink, and visit. The appetizer menu offers a variety of taste-tempting treats.

The restaurant, carved out of an old stagecoach stop on the shores of Bangs Lake, has been a tradition in Wauconda for 35 years.

Your hosts, Rosemary Mers and son, Bob Mers look forward to seeing you this fall. The restaurant is open every day except Tuesdays. Lunch hours during the week and Saturday are 11:30 a.m. to 2:30 p.m. Dinner is served from 4:30 to 10 p.m. The Sunday schedule is 10 a.m. to 8 p.m. The restaurant also offers catering and banquet facilities.

Mers Restaurant is located at 313 E. Liberty in Wauconda. There are banquet facilities available as well as catering services. For more information call 526-6905.

## Pizza Garden specializes in good food, good value

The newly opened Pizza Garden in downtown Grayslake, doesn't need a lot of explanation. The name says it all.

A plethora of garden delights flourish in the mouthwatering menu of the restaurant with the Italian essence located at 23 S. Whitney Street.

Owners Beth and Mike Meehan have extended their bill of fare even more to include tender, juicy BBQ baby back ribs in either the in-house fashion, or carry-out version.

Rib dinners include a luscious baked potato and tantalizing garlic bread, and are priced at \$6.95 for a half-slab, and \$10.95 for a full-slab.

The homemade Italian red sauce can be detected all the way down Whitney Street in the morning hours, as Beth combines her special ingredients together each day.

For the pizza's, the Meehan's use a 30-year old recipe handed down from a successful pizza maker friend.

It's a family affair at the Pizza Garden, when at any given time you can find relatives of the close-knit crew helping out in the kitchen or the dining room.

John Mitzfeld, longtime friend of the family, also helps out with the cooking.

A sense of humor is an important aspect of the business, said Mike.

The owners will often go out into the dining area and meet with customers, and may even tell a joke or two.

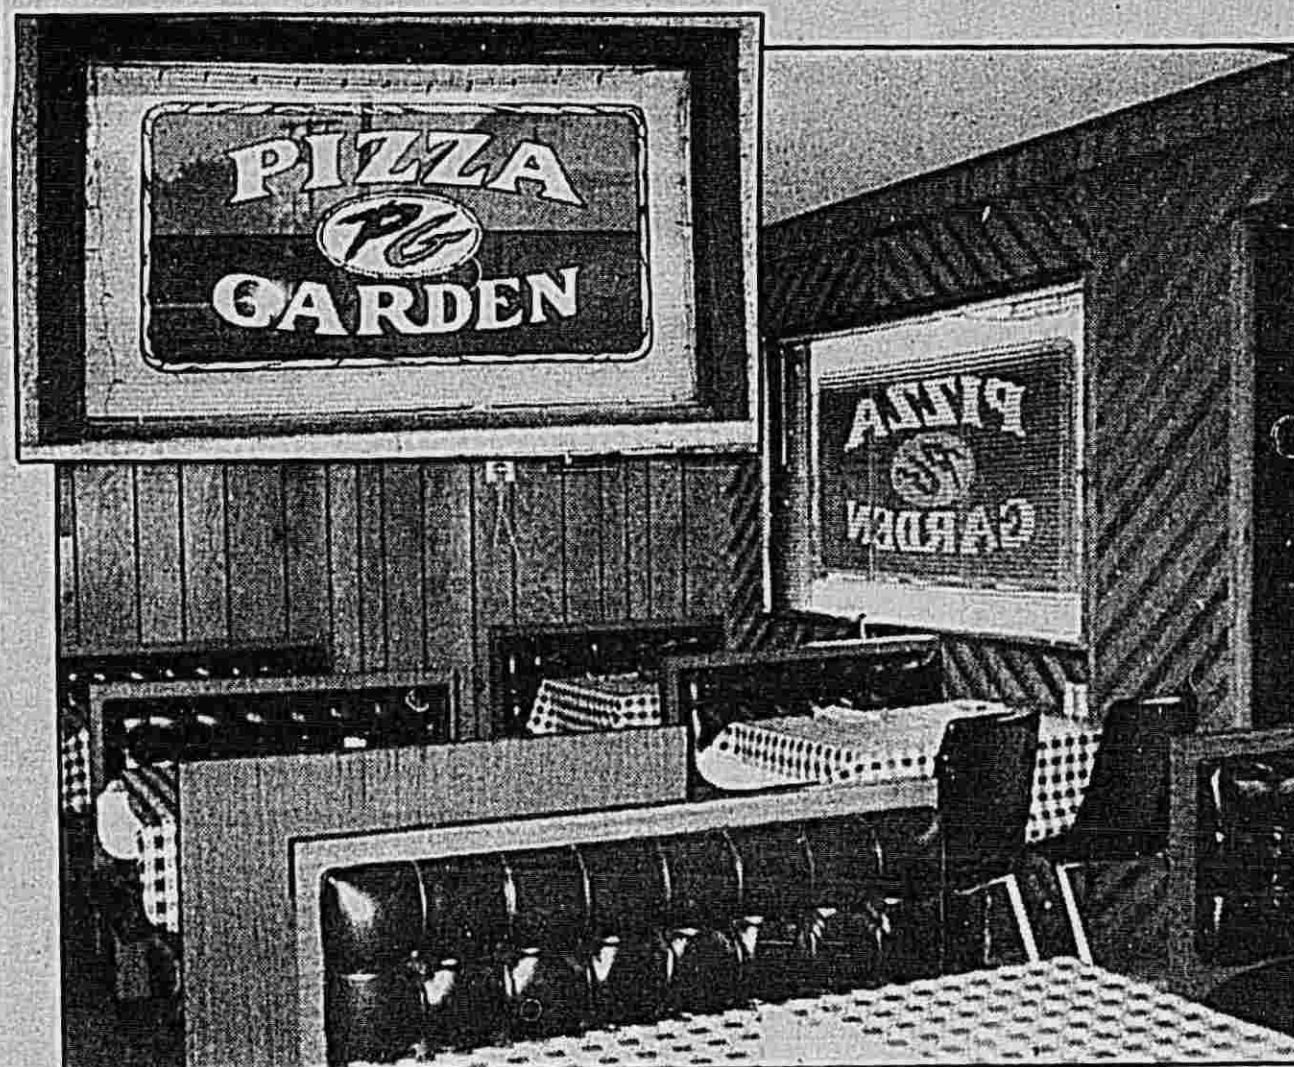

The varieties of pizzas on the menu are plentiful, and Mike explained it well. "We are one of the very few pizzerias around that will make the pizza to your specifications," said the owner.

The lunch deal is a real bargain, noted the entrepreneurs. From Monday through Friday a 10-inch pizza with a choice of the many toppings at hand, is available for only four bucks. "Now where can you find such a good price?" asked Mike.

Toppings on the menu include sausage, pepperoni, ham, ground beef, bacon, green peppers, mushrooms, onions, tomatoes, black olives and jalapeno peppers.

The new ristorante in downtown Grayslake, is sharing its Italian charm with the community.

Pizza Garden is a great fresh place to order-out, or eat in.

## 'Secret' for both adults, children

Not only is Warner Bros. taking over the clothing cartoon market, its Disney-like movies are becoming more numerous.

"The Secret Garden," a remake of an old Margaret O'Brien children's favorite, falling into the most unused rating "G" category, is a refreshing fantasy that has enough make-believe for children and is also full of scenes that are gorgeously photographed, with a plot inviting enough for adults with imagination.

This is the story of how nature and its beauty can solve many of the problems of the human heart if it is truly enjoyed and appreciated.

The plot takes place in Victorian England and tells the story of two very unhappy adolescents who find a hidden garden and watch it blossom as their relationship blooms and flourishes.

Because the mood of much of the film is typical of the

dark and moody Victorian era, the contrast of the color-filled garden in bloom is heightened.

This is a rather lavish production that treats the tale of a petulant and lonely Kate Maberly and a sickly and despondent Heydon Prowse and how they change as they and the garden grow.

Heydon Prowse does an outstanding job as the young boy who seems to be forgotten by the world, and especially the adults in his life, until he is coaxed out of his gloomy sick room by the lonely and often nasty Mary, well-played by Maberly.

There are spots in the picture where Dir. Agnieszka Holland seems to have mistaken strangeness for magic as he loses a great deal of the ethereal aura the book and the first movie version had. The film still has its fair share of idealistic charm, though, enough to give it a four-star rating out of a possible five stars.—by GLORIA DAVIS

## Kiss clutter goodbye—organize kitchens efficiently

In most homes, the kitchen is the central area of activity where the family relaxes, shares meals and entertains company; it can be the most-used room in a home. In the midst of everyday activities, the kitchen can easily become chronically dis-

organized. Kitchen chaos can be particularly distressing because it's impossible to ignore.

Many people don't understand that by following simple organizing steps, their everyday lives could be easier. Following are a few practical tips for

creating order in the kitchen:

- Allow kitchen space for the varied activities your family pursues, and store related supplies nearby.

- Maximize shelf space in cupboards by using stackable containers, bas-

kets and crates. Use different colors for each food category to make grocery inventory and put-away easy.

- Store small appliances in a rolling cart. This allows for easy access without taking up precious counter space.

- Set aside space for family members to use as

a central collection and catch-all area. Use color-coded baskets or crates where briefcases, backpacks and keys can be dropped. This is also an ideal place for pickup of lunches, notes and other items each morning.

- Store cereal and other dry goods in see-through stacking containers with

box labels slipped inside for easy identification.

- Use large recycling bins to store bulk items like dog food.

- Think objectively about how much of what you keep in the kitchen is necessary and how much is really just clutter. Throw things away, give them away, sell them.

to clean up the waste dump in Central Park. I still find chemical bottles all over the place. When will it ever be cleaned up?

### **Deputy defender**

I am calling about the deputies who work on the Chain. I will tell you one thing, the deputies have been doing a lot out there. I have seen them jump in the water to help people. If it wasn't for the deputies, there would be a lot more problems out there. I wish to praise them for the job they do. I think they deserve a raise.

### **Thanks!**

I would like to publicly thank the Antioch Ben Franklin and the staff. They were a wonderful help when my daughter was stung by a bee in the store.

### **Too crowded**

I was at the Children's First Fair. It was too crowded. They should have it in several areas so that everyone would not be in one place.

### **Beauty and the beasts**

This is my 20th year in the beauty business. I would like to invite everyone in Fox Lake who tried to run me out of town to come in. Ha, ha people. You still have not gotten rid of me. And, I want to thank all of my loyal customers.

### **Burning issue**

I want to know why the code enforcement officer is bothering homeowners about every little thing in Fox Lake? He bothers us if we burn a little stuff. But, he lets the developers burn away. I have pictures to prove it.

### **School facts**

Listen to the facts District 118. The old Island Lake School was sold to the village for \$313,000 which will go towards the new school. Also, kids will not be bused from the east side to attend the school on the west side. Stop listening to rumors and get the facts.

### **Still not getting along?**

I would like to say a few things about "Lets get along" in

the Sept. 9 issue. The person who wrote in instead of talking to you face to face probably had a reason. Maybe you are not approachable. Consider that. Until you walk a mile in someone else's shoes you shouldn't judge them. Don't forget you will be judged the way you judge other people.

### **Haunting location**

The haunted house in Round Lake Park is near Kenwood and Fairlawn. And, it is no joke.

*Editorial note: Dear reader, thank you for providing that information. We really appreciate it! If any other readers know the location of other hauntings in the area, we would love to hear from you. It is nearing Halloween.*

### **Mad reader**

I get the Libertyville News. I think your Lipservice cheapens your newspaper and because of that I am canceling my subscription.

*Editorial note: Dear reader, I am sorry that you did not find Lipservice entertaining. But, I have to ask: Why did you then turn around and call Lipservice? Just wondering...*

### **Start earlier**

I live on a very busy highway. The school bus was a little bit early this morning and motorists rudely honked and screamed at me when I tried to get my little girl on the bus. If these people have a problem with that they should leave a little bit earlier themselves.

### **Ronnie come home**

A special thanks to the Grayslake residents that helped me try and find the home of a lost collie. His name is Ronnie and he is new to the area. He lives near the lake, just in case he gets lost again.

### **Big thanks**

I am from Grayslake and want to thank the organizers and sponsors of the Grayslake Summer Days. Putting the festival back in town was a great idea. Everyone enjoyed it.

### **Third shift drinkers**

To the caller from Mundelein accusing all drinkers in bars early in the morning of being alcoholics, why don't you relax? Some people work all night and relax with a beverage after work, not because they are alcoholics. Just stay out of bars in the early morning, caller, and go to church and spend more time with your family.

### **Build a fence**

Lipservice, please print this. Don't you think it is about time that the junk yard of cars, trucks, and other miscellaneous junk on Lotus Avenue in Antioch should either be cleaned up or concealed by a large fence? After all, other junk yards are required to have fences.

### **Let'em eat**

I do not understand why people give police officers such a hard time about getting a drink or something to eat. I feel that they work very hard and are underpaid. Whenever we have needed them, they are always here. I am from Grayslake.

### **Are you kidding?**

Why don't they bring the show, "Hee-Haw" back? It is better than anything on now. That makes me really mad.

### **No more development**

I am calling from Wildwood. After a few years silence, the Milestone Development, is again trying to get zoning approval to build 62 units on wetlands. I am happy to read that the residents are uniting against this.

### **Happy with support**

I am from Antioch and I would like to thank all the residents in the Township and Village for their support during the riverboat issue. I applaud all of you for helping us fight of the riverboat casino. Now we have our village back the way it was. It went to a town that really needed it.

## Volunteers needed for PADS shelters

The 15 CONNECTION/PADS (Public Action to Deliver Shelter) sites located throughout Lake County begin the new 1993-94 season on Oct. 1 and volunteers are still needed.

PADS provides homeless men, women and children with emergency shelter, meals and advocacy from Oct. 1 through April 30. All people interested are invited to attend a two-hour orientation at one of the locations listed below followed by a one-hour training session later at the site of their choosing.

The orientation sessions require no advance registration. Everyone interested is invited to attend. The sessions prepare volunteers to work within the PADS shelters and help people understand the dynamics associated with homelessness. Shelters are located on a rotating basis in Antioch, Grayslake, Gurnee, Lindenhurst,

North Chicago, Wauconda and Waukegan. Orientation sessions are scheduled for: Sunday, Sept. 19 from 1 to 3 p.m. at Transfiguration Catholic Church, 318 W. Bangs, Wauconda. Tuesday, Oct. 12 from 7 to 9 p.m., College of Lake County, Room C002 (auditorium entrance). Wednesday, Nov. 10 from 7 to 9 p.m. at College of Lake County - Room C003 (auditorium entrance).

"Homelessness can happen to anyone, especially in these troubled times. The need for more volunteers is urgent," John Ames, PADS director said. He also reminded prospective volunteers that they need give only a few hours a month to help individuals and families who have no place to call home.

## Absentee voting to begin Sept. 23

"Absentee voting for the November non-partisan election will begin in the County Clerk's office on Sept. 23," Lake County Clerk Linda Hess announced, "and will continue through the close of business on Monday, Nov. 1."

"If you will not be in Lake County to vote on Nov. 2, you can obtain an absentee ballot by mail or in person. Call our Absentee Voting Division at 360-5912 to have an application for ballot mailed to you," said Linda Hess.

"I'd also like to remind you about the student voter

plan and the disabled voter plan."

The student voter plan is aimed at the college student temporarily residing outside the county and who is registered to vote. The student automatically receives the application for absentee ballot at his/her school address.

The disabled voter plan is designed for the registered voter who cannot go to the polling place because of a permanent physical disability. The voter will automatically receive an application for absentee ballot.

## Arbor Garden Club to host membership

The Arbor Garden Club plans to hold a membership coffee on Tuesday, Sept. 21 at 9:30 a.m. at the home of Joan Marsh in Arbor Vista.

The organization meets every third Tuesday of the month from 9:30 a.m. until noon. The membership has no geographical qualifications; members are from Grayslake, Libertyville, Gurnee, Waukegan, Zion, Antioch, Round Lake and Rockford.

President Mary Foster of Zion quips: "No, we aren't old ladies in floppy hats and white gloves. We are a working, award-winning garden club whose activities include providing a scholarship for a CLC stu-

dent, working with garden therapy at Libertyville Manor Nursing Home, learning more about gardening and flower arranging, and traveling to visit exceptional gardens and growers in the Northern Illinois area."

In addition to an annual Christmas brunch, this season's programs include flower arranging, a plant dig, corsage making, learning about African violets, a flower show, a garden walk and a summer party.

Prospective members are encouraged to call 223-9499 for additional information and are cordially invited to attend the membership coffee.

## Pet fundraiser set

Supporters of Save-A-Pet, a no-kill shelter for dogs and cats, will have an opportunity to enjoy a performance of "42nd Street" and a dinner beforehand, on Nov. 11 at the Marriott Lincolnshire Theatre. This is a fund raising project of the shelter's Building Fund which will help provide a totally new building on

Fairfield Rd. in Grayslake, to replace the current shelter at 2019 Rand in Palatine.

Tickets are \$50 per person with dinner at 6 p.m. and the play at 8 p.m. Requests must be post marked no later than Oct. 15. Tickets will not be available at the door.

For further information call Tina at 382-6155 or Nancy at 437-5704.

# Home Alone Too?

Introducing Personally Speaking from the Lakeland Newspapers, a great new way to meet interesting people.

Now you can meet that special someone or just a friend that has your same interests or hobbies. Personally Speaking provides you the security, privacy, and scrutiny you're looking for. It's simple to use even with a busy schedule.

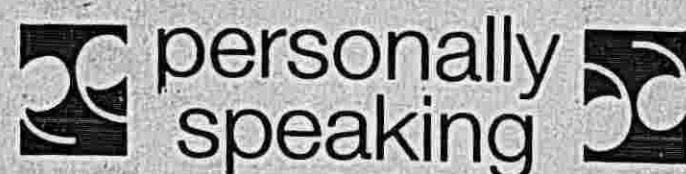

Your personal ad will appear in the Lakeland Newspapers classified section on Friday, for four weeks. You'll also receive use of a FREE 'voice mailbox' - a phone service that allows you to record and receive messages from any touchtone phone.

**HOW TO PLACE YOUR AD:** Use the coupon in the Classified section and mail, fax or phone in the information. Five lines for 4 weeks FREE. \$5.00 per

additional line. We'll assign you a 5-digit mailbox number (to be printed in your ad) and a 4-digit private security code for exclusive access to your responses.

**HOW TO USE YOUR VOICE MAILBOX:** After you receive your mailbox number and private security code, you can record your personal greeting. Give your first name; but, for your safety, *DON'T* use your last name, phone number or address. Ask your callers to leave their names, phone numbers and best time to call them. You can re-record your personal greetings anytime. All greetings are reviewed before being placed in the system and go on-line within 24 hours.

The only cost to you is for retrieving the messages that your ad attracts. If you don't get any responses, Personally Speaking costs you nothing.

To Place an ad, call: 1-800-362-4799.  
or look for the coupon in this week's classified section.

Five lines for 4 weeks FREE.  
\$5.00 per additional line.

## Griefnotes

## Can drugs be used to manage grief?

Grief is best managed by talking about it and expressing our feelings and expressing our feelings to those we trust. Drugs, including alcohol, limit our ability to face grief openly and serve only the non-productive goal of hiding or masking our feelings. There is no question that feelings of grief are painful and will often be difficult to face. Instead of drugs finds good friends who will listen and support you as you express your feelings of grief. If you have been taking drugs and you feel you cannot go on without them, see your physician, or a mental health worker who knows about grief. If you find yourself drinking more than usual or suffering severe stress seek help from professionals.

**How To Survive The Job Search**  
By Nancy Sakol

**Q:** Dear...Search: I work for a fairly new mid size company whereby I handle the personnel and payroll functions. I recently received a wage garnishment on an employee and never realized how much added work and effort goes in to this. While I realize that this is a legal garnishment, I would like to start a new policy informing our employees (in a tactful way) that this is something we choose not to have to deal with in our company. How would you suggest we proceed? P.K. - Vernon Hills  
**A:** Dear P.K. Wage Garnishments and the laws governing them vary among states. While you have no choice in the matter but to comply with them, there are ways to inform your employees that your company frowns down upon them. There are many important issues besides wage garnishment, one is faced with in your position. If your company does not have an employee handbook as yet, I advise one to be carefully constructed, distributed and signed for by all employees (You may wish to seek legal advice). This will cover any employee from coming to you with the "you didn't tell me" syndrome. You may wish to phrase this something to the effect of the following: "Employees of our company are expected to meet their financial obligations. Any wage garnishments placed against an employee incurs additional work and expense to our organization. Thank you for preventing wage garnishments". As always your employee handbook should clearly protect your company for the future by adding a notation that enables your company to change a policy at its discretion.  
**Q:** Dear...Search: I have been called to serve jury duty for the first time. I am unaware as to how long this will last but is my employer required to pay me for my time off? S.F. - Libertyville  
**A:** Dear S.F. Most companies recognize jury duty as a civic obligation. The majority of companies pay their employees the difference between jury duty pay and their own earnings. Same goes for employees in reserve training and the National Guard. As citizens there are certain things we must do for our communities and our country. The majority of companies recognize the "good citizen" participation and support these situations.  
Note: Nancy Sakol is a licensed personnel professional and President of Superior Personnel in Gurnee. Letters can be sent to Nancy at 5101 Washington St., Gurnee, IL 60031.

### ASSOCIATION

OVERALL DIMENSIONS: 78'-0" X 42'-0"  
LIVING: 1574 square feet  
GARAGE: 638 square feet

ASSOCIATION (403-15)  
By Landmark Designs, Inc.

The Association is a small home, a little less than 1,600 square feet, but it doesn't feel small if you're standing in any of the communal living areas. And it's naturally bright. Every room has a large window, with the exception of the living room, which has four.

A lofty vaulted ceiling enhances the feeling of openness in the living room, while a fireplace tucked into an alcove adds warmth and coziness. Tile or brick paves the hearth. The fireplace can be constructed with a mantel for display of favorite family photos and mementos.

Seated in the dining room, you can't see the clutter that may have accumulated in the kitchen - a desirable setup for formal and festive occasions where a great deal of preparation precedes the meal.

Kitchen and nook are delightfully bright and spacious. A garden window fills and expands the entire wall in front of the sink, and more natural light streams in through a wide skylight over the sink. Counters span the room on four sides. One segment is raised to serve as an eating bar, and the dishwasher built into it is raised, too, for ease of access.

Sliding glass doors in the sunny nook open on a patio as large or small as the owners wish to make it. A deep pantry provides generous storage space for canned goods and other staple foods. Utilities are close enough to allow someone to cook dinner and process a couple of loads of laundry at the same time.

A door to the garage allows you to unload groceries and bring them directly into the kitchen. The two-car garage is deep, with plenty of extra storage space at the back, and a workbench nestled into a windowed alcove at the front.

Closets line the hallway that leads to two secondary bedrooms and a shared bathroom. Luxuries in the master suite include an oversized shower, dual vanity, and large walk-in closet.

For a study plan of the ASSOCIATION (403-15), send \$9.00, or for a collection of plan books featuring our most popular home designs, send \$20.00 to Landmark Designs, P.O. Box 2307-LP60, Eugene, OR 97402. (Be sure to specify plan name & number when ordering.)

## Where To Worship

### Waukegan

Congregation Am Echod, 1500 Sunset Ave., Waukegan will observe the holiday of Yom Kippur, Day of Atonement on Friday, Sept. 24 at 6:40 p.m. and on Saturday, Sept. 25 at 8:30 a.m. and 4:30 p.m. A memorial service will be held at 11:40 a.m. on Saturday. Officiants will be Rabbi William Fertig and Cantor Allen Gimpel. Yom Kippur comes 10 days after the start of the Jewish New Year. It is the most solemn day on the Hebrew calendar. The entire period of time from Sunset, Sept. 24 until the sound of the Shofars, ram's horn, on Saturday, Sept. 25 is spent in prayer and fasting. The ram's horn is sounded at dark to announce the conclusion of the fast. The Jewish religion teaches that God's judgment for the ensuing year is decided at the close of prayers on Yom Kippur afternoon.

### Libertyville

The United Methodist Church of Libertyville, 429 Brainerd Ave., will hold its Sunday morning services at 8:45, 11 a.m. and 6:30 p.m. Children's Sunday School begins 15 minutes after the beginning of each service. A "Celebration Time" for children and youth begins at 10 a.m. Adult Sunday classes also begin at 10 a.m. Youth Groups meet on Sunday evenings with the Junior High starting at 4 p.m. and the Senior High at 6:30 p.m. On Sunday, Sept. 19 Pastor Jim McDonald will deliver the sermon. Call the church office at 362-2112 for further information.

### Vernon Hills

St. Gabriel's Church of Vernon Hills is launching its Church School with a unique program for children and adults of all ages. Classes begin Sunday, Sept. 19 at 9 a.m. For more information call Rev. Paul Heal, Jr. at 367-5510.

# NATURE'S BOUNTY

### Apple stir-fried pork

This quick dish is terribly sweet, but very flavorful.

2 lbs. pork steak, deboned and cut into 1/8-inch strips

2 Tbls. light soy sauce

2 Tbls. dry sherry

1/4 tsp. freshly grated ginger

3 Tbls. peanut oil

4 cloves garlic, peeled and sliced paper thin

1 large yellow onion, peeled and sliced

3 Golden Delicious apples, cored and sliced

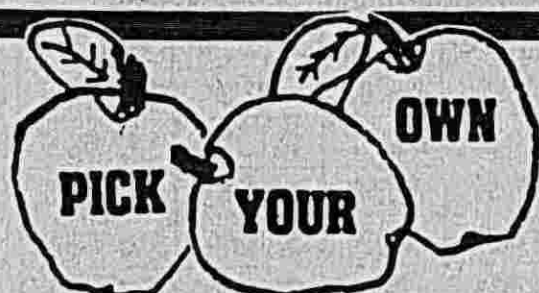

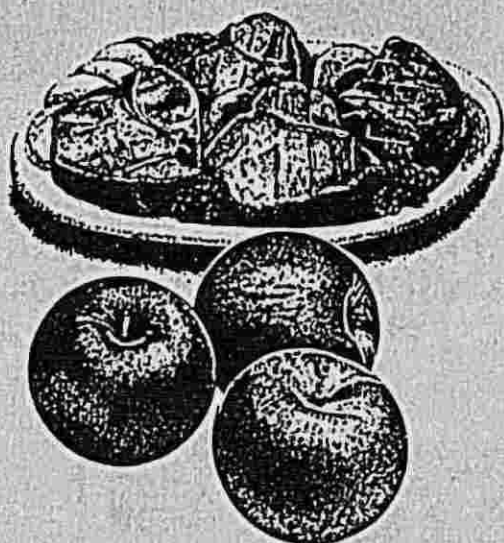

1 Tbl. sesame oil

1/4 tsp. freshly ground black pepper

4 green onions, chopped, for garnish

Cut the pork steak as instructed and marinate for 15 minutes in the soy, sherry, and ginger. Heat a wok or large frying pan and add the oil and garlic. Drain the marinade from the meat and sauté the meat over very high until

done to your liking, about 6 minutes. Remove the meat from the pan and add the onion slices. Sauté until tender and then add the apple slices. Sauté just until they begin to brown. Return the meat to the pan, add the sesame oil and pepper, and toss. Top with the green onions as a garnish. Serve immediately.

which is wrong. No federal dollars will be lost, it is a hoax. Thanks to OBEY and other biker action groups, there will be no bogus helmet laws this time around. If you want to wear a helmet, fine. But, it should be your own decision. If I wanted to live in a communist country, I would move to one. From a biker, not a motorcyclist in Gurnee.

### Why?

Does anyone out there know which Prince albums don't have explicit lyrics?

### Powerful problems

I would like to add to "In the dark". I also live in Fox Lake and not only do we have power outages, but we have brown outs. There is not enough power to turn off the television with the remote. We also have power surges. I have called Commonwealth Edison about this and they tell us nothing is wrong. But, every night we go through this.

### Don't get it

Christian sisters and brothers out there, I want to alert you. I went to the World Religion meeting in Chicago and found out they want to bring all of the religions together. The NASTA agreement has to do with what was spoken about in the Revelations. I urge all Christians to read their books. If anyone is interested, get out and warn people.

### Long ride!

This is to the Grayslake woman who complained about the Woodland School's bus service. Do you realize how long children would be on the bus if the driver had to stop at every house?

### No party for the party

Go to the Round Lake Heights board meetings. The beer was donated and there was no wine!

### Get smart

I am calling about the Wauconda School District. The person who called should get an education concerning where the money comes from. I live in Island Lake and my taxes go to the Wauconda School District. The developers of the new subdivisions paid an extra fee towards the school to offset the extra costs. Wise up and get a little intelligence. Vote for the school referendum.

### Why?

Joyce Frayer was defeated as supervisor. She should give up being involved in matters of public policy. Stay home!

*Editorial note: Dear reader, it is the right of every American to participate in a democratic government. Don't you think?*

### Worried

I can't believe they made the fire inspector the new chief. I hope he gets a few things more done. I am from Grayslake.

### Work together

I am calling from Island Lake about the new potential school. I want the people of Wauconda to know that we pay taxes to the School District 118. We would all like to have separate schools but it is not going to happen. So we need to work together.

### No separate schools

I would like to say that forming a new school district to accommodate students of Island Lake and McHenry is not going to solve the problem. We are all part of the same school district. And, if we form another district we will lose all of our tax dollars. You better think about what you said!

### My mistake, your mistake

I am the person who complained about the police officers eating at Kentucky Fried Chicken. I do not think there is anything wrong with policemen having lunch. But, there were four of them, each from a different town, eating a

buffet for over an hour. I think that is a little wrong. Plus, I do not know where you get off saying they are doing such a good job when most of the time you see them sitting in parking lots together talking for a half an hour. I don't think I made a mistake, but you have!

### Bring it back

This is a plea. Our son had some information in his car. His entire lifetime history. He just came up from Florida and someone broke into his car. They took all his papers including birth certificates, discharge papers, passports, etc... I hope someone has the heart to turn the thing in. He needs this stuff to find work. His name is Anthony and the stuff was in a black briefcase. It was stolen in Lindenhurst.

*Editorial note: Dear readers, if anyone knows the whereabouts of this man's briefcase please return it.*

### Public service?

Regarding the Grayslake teacher arrested for sexual abuse, the Chicago Tribune on July 28 and 29 reported that State Representative Robert Churchill interceded in the arrest and asked that Ms. Paddock be allowed to surrender rather than be arrested. Ms. Paddock did surrender. I wonder if all citizens within Mr. Churchill's district would be provided with this special service?

### Raining cats and cats

Grayslake is not the only town with cat problems. I live in Antioch. Not only do they kill the birds but they use our sandbox as a litter box. They wake us up many times with their loud mating noises. Cat owners should be more courteous and take care of your animals. Keep them on your own property.

### Poor teacher

There it is again. Some clown on television complaining about high teacher salaries. If I hear just one more person complain about the "huge" salaries teachers and day care workers make I will just scream.

### Great kids

I am calling from Fox Lake Hills. Big thanks to all the kids who helped clean up the park on Labor Day. So many negative things are written about kids these days. They did a nice job. Thanks kids.

### Follow the curfew

I have a neighbor who allows their fourth grader to ride his bike all night long with 16 and 17 year-olds. He has to be searched for every night. Let's start putting our kids to bed at 8:30!

## Stahoviak defeats injury, odds to make the 'show'

by STEVE PETERSON  
Lakeland Newspapers

Scott Stahoviak spent one of his days this spring back home, watching as the Grayslake Rams play an early-season baseball game.

Stahoviak was home in Grayslake, resting, getting ready for elbow surgery. A successful surgery was what he was hoping for so he could return to third base for the Nashville Xpress, the AA affiliate of the Minnesota Twins.

Little did he know at the time he would be playing in Arlington Stadium against Nolan Ryan and at the Metrodome as the Twins completed a home stand.

"The team had just lost in the playoffs of the American Association tournament. His manager, Phil Roof, a big-leaguer during Stahoviak's toddler days, called him aside as other players made their way home. He said he had a 7 p.m. flight to Dallas," Ed Stahoviak, Scott's father, said.

Stahoviak is a Carmel High graduate who found himself on the same field as Sandy Koufax when Nolan Ryan was

honored in a 4-2 Twins win over Texas Sunday.

"There were five guys who were not born yet playing that day when Ryan started to pitch," Ed Stahoviak said.

Stahoviak can be a part of baseball his-

*'He started playing baseball at two and a half years old.'*

—Ed Stahoviak

tory this week as Dave Winfield goes for career hit No. 3,000 in a seven-game homestand.

Ryan making a name for himself with no-hitters when Stahoviak was grabbing for a baseball at an early age.

"He started playing at two-and-one-half years old," Ed said.

Stahoviak's first game was Friday, when he struckout as did the two other Nashville players called up, Rich Becker and Denny Hocking. He got his first safety, a single off Texas' Jeff Pavlic. He had a double (and was pinch-run for) after Ryan departed

Sunday, then two hits in four tries in a 7-2 Oakland win Monday.

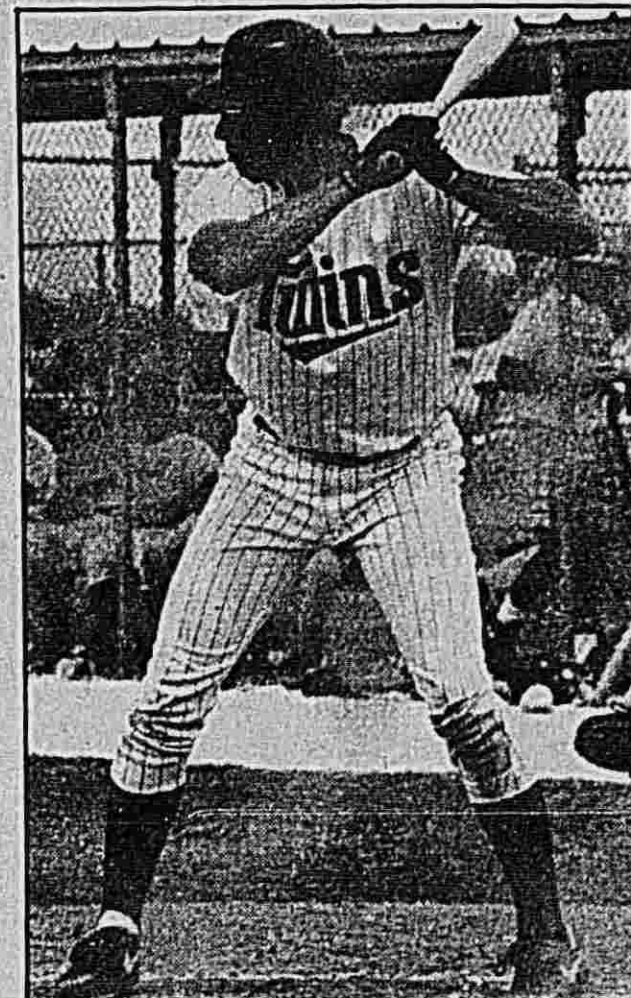

Stahoviak was the Twins first round pick in the 1991 draft. His credentials at Creighton University included a .267 batting average and 13 home runs his senior year. The Blue Jays made the College World Series.

He was assigned to Class A Visalia, where the 6-5, 210 pounder hit .278 in 1991, .308 in 110 games last year. He had 26 doubles, five home runs and three triples to earn the promotion to Class AA.

Stahoviak earned Twins organization player-of-the-month status before being called up on Sept. 9.

No matter what happens the next two weeks for Manager Tom Kelly's sixth-place team, or what happens for that matter next year at spring training at Fort Meyers, Fla. Stahoviak will have the thrill of seeing his name in a major-league box score.

"He will always have the experience," Ed Stahoviak said as he prepared to see his son play against Oakland.

## JHS runner, Antioch girls claim crowns at Lakewood

A Johnsborg girls cross country runner made her debut at Lakewood Forest Preserve course a successful one as Chris Malo won the girls race.

"The competition was a lot meaner," Malo said after completing the two-mile course in 11:24.

"She went to camp this summer to improve and prepare at Eastern Illinois

University. She has been running very strong at each of the meets. This performance measures the total improvement. In the other meets, she has had phenomenal competition, but not competition of such large numbers from big schools. The caliber of the competition today was just excellent," Johnsborg Coach Deb Kellum said.

Malo, a senior, is the long-distance ace for the JHS track team, running the mile and two-mile.

Antioch edged Regina 75-77 for the team title. Beth Lennon showed the way with a time of 11:45. Caci Roach of Carmel finished in seventh with a time of 12:00.

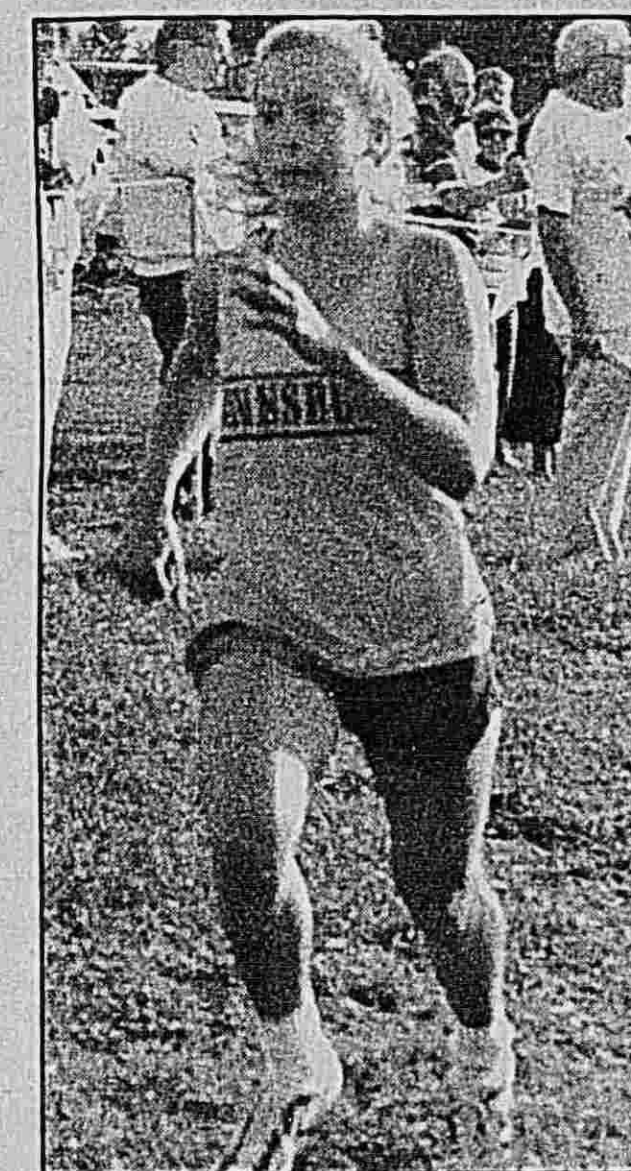

The Antioch contingent does not have any seniors. Lauren Burke finished in the top 15, 11th place (12:13). Right behind was Megan Durney (12:14) in 12th. Nicole Stolarik was 21st and Mandi Dale was 26th.

"Lennon realizes she has to get a quicker start. She believes she can beat the girl from Johnsborg. They ran at Cary-Grove and their times were one-half second apart," Antioch Coach Dave Judson said.

Johnsborg finished 12th in team standings. Sophomore Amy LaTessa has been "improving drastically," Kellum said.

Following Evanston's third-place score of 124, Deerfield was next with 139. Lake Zurich was fifth at 181; Cary-Grove sixth at 250; Carmel seventh at 256; Libertyville eighth at 264; Stevenson ninth at 290.

Grayslake and Mundelein tied for 15th place with a 378, Grant was 22d and Wauconda 23rd.

## Leary's second-half heroics earn him Lakeland honors

Faraji Leary

season winning streak.

Leary, a 6-foot-1, 190-pound halfback for the 2-0 Patriots, earned Lakeland

Stevenson senior running back Faraji Leary, who scored three touchdowns in last week's win over Zion Benton, scored three more touchdowns to lead the Patriots over McHenry 36-21, ending McHenry's 33-game regular

Newspaper's Prep Athlete of the Week award for his leadership and determination when Stevenson's back was to the wall, 21-0, against a strong McHenry team.

Stevenson scored 36-unanswered points to win the game and the honor for Leary.

Leary said his first name, Faraji, is Swahili for 'to console.' His parent's named him Faraji because they wanted him to have an African-American name, according to Leary.

Congratulations to Faraji, Head Coach Bill Mitz and the entire Stevenson Patriots football team.

## Stevenson upsets McHenry 36-21, ends win streak at 33

Lincolnshire—Senior runningback Faraji Leary scored three second-half touchdowns to lead Stevenson in a 36-21 come from behind victory over McHenry, ending the school's 33-game win streak.

Also scoring for Stevenson were: William Baker, 57-yard pass from Kevin Fredrick (Orlando Morin kick), and Fredrick, a 4-yard run (Morin kick). Stevenson is 2-0 on the season and plays Fenton in Bensenville on Sept. 17.

### Warren 37, North Chicago 14

Gurnee—Warren running backs Tim Marabella and Zack Florio, who joined the lineup to replace injured halfback Quentin Jackson (ankle), ran past the North Chicago defense in a 37-14 win in the team's home opener.

Marabella and Florio scored two touchdowns each, while Gary Weir recovered a blocked punt in the endzone and Eric McCauley scored a safety in the win. Warren is now 2-0 on the season, North Chicago 0-2.

### Zion-Benton 28, Mundelein 7

Mundelein—Mundelein hosted its first ever game under the lights on Sept. 10, however, Zion-Benton burned its host with an explosive third quarter to put the game away 28-7.

Mike Hodges scored on a 1-yard run in Mundelein's only score. Mundelein will play on the road at North Chicago on Sept. 18 to begin the conference season.

### Cary-Grove 44, Grant 21

Fox Lake—Grant attempted to fire up their offense against Cary-Grove on Sept. 10, but fell short in the end 44-21 in Grant's home opener.

Scoring for Grant was Scott Goodale, a 53-yard pass from Shawn Powers, Dave Stone, a 35-

The Bulldogs avoided the shutout with a 31-yard touchdown from Chris Pfeiffer to Cory Kazimour. Wauconda travels to Marmion Military Academy in Aurora on Sept. 18.

### Harvard 42, Johnsborg 14

Harvard—Harvard used a huge four minute period to score three touchdowns to roll over Johnsborg 42-14.

Scoring for Johnsborg were: Chad Germann, an 11-yard run, and Chad Kamp, a one-yard run. Johnsborg visits St. Edward (Elgin) on Sept. 18.

### Richmond-Burton 33, Ethan Allen (Wis.) 0

Wales, Wis.—Richmond's road show continued to impress on Sept. 10 as the defending Class 2A state champions whipped Ethan Allen Boys School 33-0 in front of more than 100 Richmond faithful.

Quarterback Jeff Christensen rifled two touchdowns to both Eric Rasmussens for the 2-0 Rockets. Richmond will play at home in its new field on Sept. 17 against Winnebago.

### Libertyville 19, Antioch 13

Antioch—Libertyville (2-0) scored a late fourth quarter touchdown to defeat Antioch 19-13, which extends Antioch (0-2) winless streak.

Libertyville struck early on an Andrew Roberson 24-yard field goal and 56-yard pass

from Roberson to Bob Paulson to take an 11-6 lead. Antioch scored on a Josh Johnson two-yard run. Antioch answered in the fourth quarter with an 18-yard touchdown pass from Casey O'Connell to Tom Furlan. However, Libertyville won the game on a 28-yard touchdown pass from Roberson to Mark Russert. Libertyville plays Zion-Benton at home on Sept. 18, while Antioch travels to Warren on Sept. 17.

### Carmel 40, Wheaton North 22

Mundelein—Carmel's offense raced out to a 20-0 lead in the first half before out scoring Wheaton North 40-22 at home on Sept. 17.

Carmel scorers were: Nick Yeager, three-yard run, Titus Mason, 36-yard pass from J.R. Ocampo, Ocampo, a one-yard run, Keyne Pendleton, a 42-yard pass from Ocampo and a 78-yard run, and Jason Harper, a 32-yard run.

### Lake Zurich 42, Round Lake 0

Lake Zurich—The Lake Zurich Bears improved their record to 2-0 on Sept. 10 with a 42-0 white-washing of visiting Round Lake on the strength of their offense.

The Bears offense gained nearly a 300-yard advantage in total yardage, 376 to 79, and spread the ball around. Scoring for Lake Zurich were: Brian Haigh, a one-yard run, Mike Stumpp, a 10-yard run and a three-yard run, Mike Schauder, a one-yard run, Tom Wendt, a 12-yard pass from Haigh, and Shane Davies, a one-yard run.

## Football Report

yard pass from Powers, and Aaron Butler, a 36-yard run. With the loss, the Northwest Suburban Conference pre-season favorites fell to 0-2 with non-conference Montini in Lobard next on Sept. 18.

### Marengo 27, Grayslake 0

Marengo—In a battle of former Northwest Suburban Conference foes, Marengo (2-0) defeated winless Grayslake (0-2) 27-0, which has now only scored only three points in eight quarters of football this season.

Grayslake plays at St. Francis on Sept. 18.

### Jacobs 35, Wauconda 7

Wauconda—Wauconda's offense waited until late in the fourth quarter to mount a scoring threat, after Jacobs (2-0) scored 35 unanswered points to drill the 0-2 Bulldogs.

## It's a small world after all...

Thomas Stevens

It really is a small world.

I once had a friend, a mentor, a role model of a teacher at Irving Crown High School when I was a freshman, maybe a dozen years ago in northwest suburban Carpentersville.

I worked for and with, due to my interest in athletics and journalism, a young athletic director who thought the world of Crown's young athletes and wanted nothing more than to shape them into well-rounded young adults.

He talked, jokingly, about how he knew he had made something of his life when two of his life's goals, becoming an athletic director and owning Chicago Cubs season tickets, had already come true. I can't help but remember how impressed I was with him and great it would be to someday follow in his footsteps. However, I was very easily influenced at age 15 and, come on, he owned a seat at Wrigley Field, the greatest place to see the world's greatest game.

Time passed, as it always does, and without even realizing it, I indeed had followed in his footsteps, ventured where he had once been before and finally, when I talked to him again, after being named sports editor at Lakeland, learned that he was as proud of me for what I've accomplished and done with my life as I've been of him all these years.

Mundelein's new athletic director Doug Duval, now 44, was a big influence on my choice of journalism as a career and where I learned that being a student-athlete is special and cherished memory

that shaped who I am today.

Mr. Duval was always quick to help out those who came in contact with him at Crown, and probably everywhere else he has taught.

It was only later, when I read his biography as research to interview him for a sports story, that I learned he attended Elgin Community College as an student-athlete. Mr. Duval played basketball and baseball while at ECC, the same sports I played while under scholarship there during the late '80s.

We both attended Illinois state-funded universities. Mr. Duval attended Northern Illinois University, while I attended Eastern Illinois.

However, my greatest thrill yet when it comes to my relationship with Mr. Duval is that I now get to work with him again as a journalist and editor when I cover his new high school, Mundelein.

To my surprise, the things I remember most about Mr. Duval's teachings, loyalty, self esteem, dependability and honesty, are what he continues to teach at Mundelein.

He even still owns a weekend package at Wrigley Field and takes his own son to Cubs games, proof that those special tickets were very special to him.

As are my memories of old Irving Crown High School to me, which has since been renamed Dundee-Crown High School, the school I that later graduated from three years after Mr. Duval left to take on new challenges at another school in Addison.

Despite the time and distance, I always remembered my time spent with Mr. Duval and only hope that some day some young person will remember me in the same light as I remember my days as a Viking student-athlete and Mr Duval.

## Carmel hoping its offense stays in high gear in loop

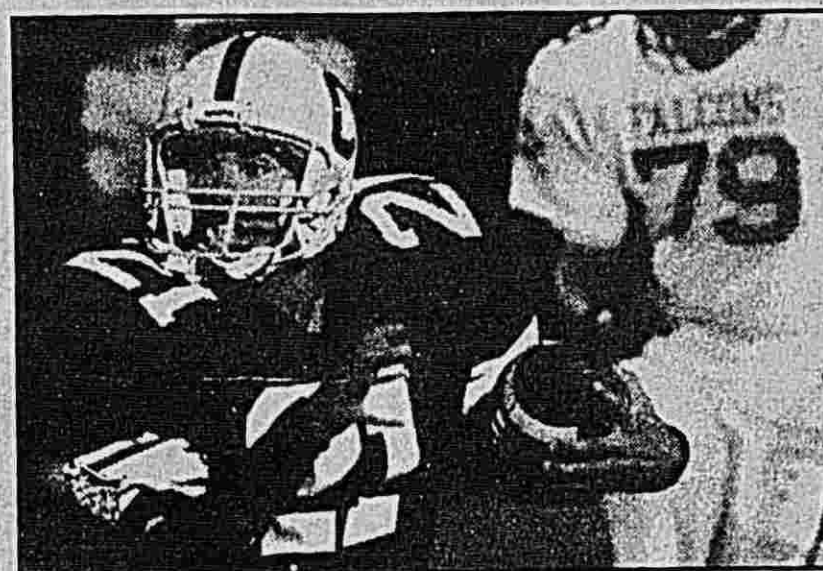

Carmel High School's football team used the inspiration of a star running back watching from the bench to have one of its more productive offensive shows in years in a 40-22 win over Wheaton North.

The Corsairs may have to have inspiration of an injured player be part of the strategy again this week. Last week it was Erick Janseens. This week, one will have to attend the 8 p.m. game in Mundelein Sept. 17 to see who is not donning Carmel colors.

"I'm keeping that under my hat," Carmel Coach Mike Fitzgibbons said.

One thing the football fans of the 1-1 Corsairs will be looking towards against St. Viator is another strong game from quarterback J.R. Ocampo.

"He played a great game. He threw the ball very

Corsairs Senior running back Kenye Pendleton runs for some of his 175 yard in Carmel's 40-22 win over Wheaton North.—Photo by Jim Schwartz.

well," Fitzgibbons said.

Ocampo threw touchdown passes of 36 yards to Titus Mason, 42 yards to Kenye Pendleton and 32 yards to Jason Harper and ran the ball in from one yard out.

Pendleton, a 5-9, 145 pound senior, continued to impress. He had a 78-yard

jaunt to go along with his touchdown catch. He has 175 yards in rushing.

"We are expecting big things from Pendleton," Fitzgibbons said.

"We always have had good game with St. Viator. You have to be ready for the ESCC," Fitzgibbons said.

## Marillac girls tennis returns

by THOMAS STEVENS  
Lakeland Newspapers

The Saint Louise De Marillac High School, in Northfield, Northstar tennis team, returned to the fall schedule again, with high expectations.

The team is coached by Mrs. Marilyn Fahey, of Bannockburn, and are led by captain Suzi Schweizer, of Glenview. Other team members include: seniors Lynn Lauterbach of Northfield, Megan

McCurry of Northbrook, and Anna Kardaras of Chicago; junior Jodie Scordo of Niles, sophomore Colleen Gavin of Chicago and freshmen Karen Klien of Riverwoods, Anne Dwyer of Highland Park, Brigid Reedy of Buffalo Grove, Kelly Morgan of Glenview, Elizabeth Mitchell of Northfield, Jayne Tomasz of Chicago and Kelly Gallagher of Chicago. The tennis team's schedule runs through October.

## Knights upset Panthers 11-7

The Lake County Knights semi-professional football team sent shockwaves through the Chicagoland Football Conference.

The other semi-pro team would like to send shockwaves, but Mother Nature's lightning show postponed the Vikings-Palos game.

The second-year Knights recorded the big win with the aid of the wind and center Greg Davis. It was the wind which pushed a 44-yard field goal by Brian Webster over the crossbar. Later, Davis would supply the key block as Matt Wickline scored from one yard out with 1:15 left. That gave the Knights an

11-7 win over the previously ranked Chicago Panthers.

The game-winning drive was a short one, lasting only 19 yards as a Chicago punt was short.

"It was so windy, neither team could punt. Neither team could move the ball more than eight yards either," Head Coach Tom Nelson said.

The Knights, who face Chicago Chargers at Hanson Stadium Sept. 19 at 4 p.m., also received a score from the defense. Tony Simpson registered a sack in the third quarter, trimming the Chicago lead to 7-5.

"He fits in real well," Nelson said.

Nelson said the win will mean the Knights, 2-1 in the league, 2-2 overall, will be a force.

"We are getting a better caliber of player. They are more solid and we have some continuity," Nelson said.

Nelson said four tough pre-season games have been a big help.

Also in semi-pro football, the Lake County Knights' second-place battle with Palos was postponed due to lightning in Tinley Park. The 2-1 Vikings host Chicago Heights Broncos at 6 p.m. at Round Lake High Sept. 19.

## 'Cats spikers outlast MHS, brace for battle with CHS

by STEVE PETERSON  
Lakeland Newspapers

Libertyville High's volleyball team established itself as an area power by winning a tournament and outlasting a North Suburban Conference rival last week.

Libertyville hosts Carmel Sept. 20 at 5:30 p.m. in a battle between county powerhouses. The Wildcats downed Mundelein 16-14, 16-14 and 15-7 in a three-set battle, raising its record to 3-0 before winning a Deerfield tourney.

Junior Andi Parlaski was 21-23 for 20 points and six aces as she paced the serving effort. Lindsey Celba was 15-for-16 with 11 points and three aces.

Senior setter Katie Sriver had a big impact on the first two victories of the season, with 83-for-87 and 26 assists.

Sriver had seven points in a three-game win over New Trier.

Senior Arian Adams had nine points and 12 kills. Celba was 23-for-28 with nine kills and Lana Domas was 12-16 at the net with three kills.

"Our offense has been working well together as a team," the coach said.

Seniors on the squad include 6-1 hitter Sarah Weiss, 5-8 backrow player Jen McNeil and 5-9 hitter Jen Nellessen.

Mundelein dropped to 4-5 overall. Christy Sabo was 14-for-14 with three aces and 12 points to lead the Mustangs. Lisa Guilianelli had six kills, Lynn T'Niemi four kills.

Kandace Kessel led the way in setting with 35-for-37 with 12 assists.

T'Niemi had 20 points, Kessel four points. Kessel had seven kills. Christy Sabo six kills.

"We struggled early in that

match, but we had some good, long rallies. A rally in game three that went our way gave us momentum," Libertyville Coach Chris Trzyna said.

In the Deerfield meet, Libertyville made it eight straight with wins over Deerfield, Hinsdale South, Fremd, Waukegan and Addison Trail.

This was the first time LHS had entered the Deerfield meet.

"We were not awake for the first match, but as soon as we woke up, we played very well. The attack was the most exciting all season. Our passing was very good," Trzyna said.

Deerfield was the only team to take the Wildcats to three games. The Warriors won the opener 15-12, but Libertyville dominated the next two games, 15-2, 15-3. Hinsdale South fell 15-6, 15-6; Fremd 15-4, 15-8; Waukegan 15-2, 15-5 and Addison Trail 15-3, 15-4.

Sriver had 36 points on 48-51 serving with five aces; Celba had 34 points with 42-53 with 11 aces and Paplaski, 34 points on 44-47 with 11 aces.

Adams led the net play with 39 kills, Celba 29 kills and Domas 15 kills. Adams led the way in blocking with 10 solo and four assists. Weiss had three solo and two assists and Celba had two solos and three assists.

"We really played well as a team. We were able to utilize our aggressive attack combined with good hustle on the floor. We did a nice job on court transition from offense to defense," Trzyna said.

Sriver was 207-213 on a busy day for setting, and had 67 assists.

Of the 8-0 start: "we knew we would be very competitive this year. It was a mat-

ter of putting it all together," Trzyna said.

It appears the Wildcats have indeed done that.

In the history of major college football, no player ever had a day like Red Grange of Illinois had against Michigan on October 18, 1924... What exactly did Grange do?... The first time he got the ball, he ran 95 yards for a touchdown... The second time he got the ball he ran 67 yards for a TD... And the fourth time he got the ball he ran 44 yards for a touchdown... He had taken the ball 4 times, scored 4 times, covered 262 yards and still had not been stopped or tackled!

★ ★ ★  
What was the biggest upset in football history?... Based on predicted points, it would have to be the 1940 NFL title game between the Chicago Bears and the Washington Redskins... The Redskins were favored that day by 7 points... But the Bears won, 73-0, making an 80 point difference from the predicted margin to the actual one—and that's the biggest error the oddsmakers have ever made.

★ ★ ★  
What was the first team ever to win a football game?... Football's first winner was Rutgers... They beat Princeton 6-4 in the first football game ever played, in 1869.

## Condell Distance Classic off and running on Sept. 19

It is not too late to register for the 17th annual Condell Distance Classic which will kick off Sept. 19 at 9 a.m. at the Condell Day Center in Libertyville. The Centre Club 5K Run/Walk begins at 8:10 a.m., while the Condell One Mile Fun Run is set for 8:15 a.m.

Open to residents of Lake County, the Condell Distance Classic provides three events which offer something for everyone.

This year, co-sponsors are The Heartland Spa, A Health and Fitness Retreat in Gilman Ill., First Colonial

Bank of Lake County, Vogue Printers, Lakeland Newspapers and the Centre Club.

A new race route will take participants along a portion of the North Shore Bike Path and through tree-lined streets in Libertyville. The annual event will feature the Runner's breakfast, a highlight of post-race activities and CDC t-shirts to the first 1,000 participants. There will also be random drawing prizes prior to the awards ceremony.

Competitors enter by Chicago Area

Runners Association age groups ranging from 14 years and under to 70 years and over. There is also a Heavyweight Division for runners weighing 200 pounds and over.

Prizes will be awarded the registered winners in each category.

If you have questions, call Condell's Department of Public Relations and Marketing at 362-2905, ext. 5275.

## Downs, Duchane help NIU

Brian Downs has already made an impact on Northern Illinois University men's soccer team.

The freshman from Buffalo Grove and a graduate of Stevenson High School scored his first goal for the Huskies in a 2-2 tie against University of Wisconsin-Green Bay. Downs scored on a "flying" 12-yard header for a 1-0 NIU lead in the first half.

Mike Duchane, a linebacker for the Huskies, assisted on a tackle in NIU's 54-10 loss to Iowa State in the season opener. Duchane, a 6-3, 235 pound junior, is a graduate of Grayslake High.

NIU will host a SoccerFest Saturday, Aug. 28 in DeKalb.

The day begins with registration at 9:45 a.m. for a free youth soccer clinic set for 10 a.m. on the practice fields of the Huskie SoccerSphere. The youth clinic is open to boys and girls ages 5 to 13. The improved Huskie Soccer Field serves as the site for the one-hour exhibition contest

featuring NIU men's alumni. The "old timers" have the privilege of baptizing the field which includes a drainage system which is further aided by a one-foot sand and soil-mix crown. The most visible

element of the refurbishing is the permanent, raised aluminum bleacher seating for 2,000 spectators.

Then it will be time for the first Huskie women's team to take the field for an exhibition scrimmage against Loyola at 11:30 a.m.

NIU men's squad battles Kishwaukee College in an exhibition at 1:30 p.m.

#### Investors Frustrated And Disgusted With 3% CD's Say They Are Victims Of Bank's Greed.

Naperville, IL—Today's retirees and others who are counting on their nest eggs to provide for them, are frustrated and angry. They feel that the banks are taking advantage of the economy to create obscene profits.

A local retiree was quoted as saying, "The bank is still charging over 17% on credit card balances, and paying me a lousy 3.1% on my CD! This is unfair. I have worked my whole life, and always taken care of myself. Now, in the last three years, I have seen all my expenses go up, and my CD income drop to less than half of what it was! The banks should be ashamed of themselves. How am I going to make it?"

The feelings of this woman seem to be universal, when people are asked about this touchy topic.

Although CD's are insured by an agency of the US Government, and alternatives may not be,

people can do much better with their savings.

As with anything else, knowledge is the key. The banks are making more money than ever, and hope the average person will not bother to learn about their alternatives. The bankers want people to keep their money tied up at these disgusting low rates, and know a lot of us will not move because of the fear of the unknown.

A FREE REPORT called, *The Little Known Secret To Beating CD's*, has been made available for the first time. The report explains, in simple language, the almost unheard of method to take care of yourself, and tells you how to stop being at the mercy of the banks. You can call

**1-800-640-5530, 24 hours, for a FREE, recorded message, to get your copy of the report. Call now, and find out what the bank doesn't want you to know!**

# Comeback falls short, Warren rivalry next for 0-2 Antioch

by STEVE PETERSON  
Lakeland Newspapers

It would have been one of those classic football drives.

The underdog Antioch Sequoits moved the football 67 yards as quarterback Casey O'Connell completed big pass after big pass. But Jim Moras was in the classic "right place at the right time" in his words, stripping the ball from Antioch junior Kevin Fox, preserving a 19-13 Libertyville win.

The undefeated Libertyville team will host Zion-Benton at 1 p.m. Sept. 18. Antioch, winless in its last 11 regular season games, will try to get the juices flowing again Sept. 17 at rival Warren at 7:30 p.m.

Despite the 0-2 start, Antioch Coach Del Pechauer is not ready to throw in the towel just yet.

"I think we are competitive. We showed these guys we are. It was a seesaw battle, a great football game for a fan," Pechauer said.

"They had the momentum. We changed from a man to a zone coverage. I just fell on top of the ball," Moras, a 6-0, 164 pound senior, said.

"If there is one positive thing, we did cause the fumble down there," Libertyville Coach Dale Christensen said.

O'Connell, a senior, used the talents of running back Josh Johnston and wide receiver Tom Furlan, who had Antioch's two touchdowns. Newcomb caught a 20-yard pass from O'Connell and Johnston brought the ball to the seven before Moras stripped him of the ball and Antioch its chance to gain an upset win.

"Moras was injured last week, a sprained knee, but got his start today," Christensen said.

Libertyville quarterback Andrew

Robertson went to the air more often than the previous win over Mundelein. He threw two touchdown passes, one to Robert Paulson for 56 yards, another to Mark Russert for 28 yards for the final visitors score with 8:15 left.

"They used an eight-man front and that put a lot of pressure on the secondary. We were open and the passing game was a big factor," Christensen said.

"Antioch played a good game," Russert said.

"They had tough kids, a tough defense. But we just didn't get it done," Pechauer said.

"They lulled us to sleep with some of the running game," Antioch defensive coach Mike Gordy said. "But they are juniors and all caught up in the spirit of the moment."

Fox, a junior, did not touch the ball until The Play. "He is a hard runner. He would of played more, but he was sick all week. He had the first down. They do a good job of tackling the ball. They were doing that all game," Pechauer said.

"We were able to protect O'Connell. That surprised me. I thought they would shoot the linebackers. He is really doing his job, reading it well," Pechauer said.

Robertson started the scoring with a 29-yard field goal.

Johnston scored from one-yard out for a short-lived 7-3 Antioch lead. Robertson's 56-yard pass to Paulson for a TD would stand up as the 11-7 lead for two quarters.

Libertyville knows it will have no easy time of it against the 1-1 Zee-Bees. "They have a pretty good offensive line," Christensen said.

Zion dominated the trenches in a 28-7 win over Mundelein.

## JHS rallies, outlast Rams

Johnsburg High's volleyball team switched its fortunes from the first to the second game and then outlasted Grayslake in a three-game Northwest Suburban Conference battle Monday.

The Skyhawks lost the first contest 15-6, won the second 15-7 before dominating the second half of the third game, 15-9.

Johnsburg is at Round Lake Sept. 20 while the Rams host Wauconda.

"I changed the lineup somewhat for the second and third game. In the first game, we were not nearly as aggressive in the serves," Johnsburg Coach Sharyl Johnson said.

Senior outside hitter Lynette Regber was 9-for-11 in serves with four aces and 15 target passes. Carri Turner was 13-for-15 serving with four aces and had five kills.

"Dawn Stewart did a nice

job setting," Johnson said.

The Skyhawks, coming off a 3-2 tourney at Crystal Lake Central, are off to a 4-0 start and knocked off the defendin conference champs. Johnsburg is 8-3 overall.

Grayslake dropped to 2-2 in the league. "Our passing and our mental preparedness," Coach Dan Stacey said of keys to righting the Rams.

## Sequoit soccer improves against talented opponents

by THOMAS STEVENS  
Lakeland Newspapers

The Antioch varsity boys soccer team improved its season record to 4-2-1 with a win, a loss and a tie against other talented teams during the past week.

In the team's win, a 5-1 beating of Loves Park/Harlem, Sequoit goalie Keith Jackson earned 12 saves as Antioch improved its season record. Scoring for the Sequoits were Joe Earl (2), Dave Johnson, Marc Ganter and Andrew Norton.

The Sequoits also gave third-ranked Batavia fits as Antioch tied them at the end of regulation time at 2-2. Earl scored a goal and an assist, while Ganter added a goal and Brian Weeks an assist. Jackson made 19 saves including five in the closing minutes to preserve the win.

"Keith Jackson had outstanding games against Loves Park/Harlem and Batavia, scoring a total of 31 saves," said Antioch head coach Brad Wilson. "Joe Earl, Marc Ganter and Brian Weeks also played solidly the entire weekend."

## Antioch Community High School Athlete of the Week for Aug. 28

Congratulations to Maline Gooch for being selected the Antioch Community High School Athlete of the week for the week ending Aug. 28, 1993. Gooch lead the girls' volleyball team to a 4-1 record for the week. The team won the consolation bracket at the Jacobs Tournament. The First Chicago Bank of Antioch will make a donation to the high school scholarship fund in Gooch's name.

Congratulating Gooch with her certificate and check are Sequoit Volleyball coach Gwen Varney and Jeff Mulder of the First Chicago Bank of Antioch.

## Neal finishes third, ties his career best mark in Madison

Lake Villa native Jeff Neal drove the Split Fire Spark Plugs Ford to his eighth top 10 finish of 1993 on Sept. 12 at the Madison 200.

Starting from the fourth starting position, Neal paced himself in the early stages of the 200-lap race and was in position to win his first ever association race.

"We had no problems with the car all day," said Neal. "This track is hard on brakes, you can't run the race track wide open on every lap. I took it easy in the beginning and had brakes for the entire race."

Neal said two late caution flags took away any chance for a win.

"We didn't change gears after qualifying on Saturday," said Neal. "It was the wrong gear for the race. The car

ran fast during the long green flag periods but the two later cautions hurt us."

Neal feels this race was the best performance of his career.

"We raced along side Ken Schrader, Jay Sauter and Dennis Lampman for a lot of laps," said Neal. "That is probably the hardest I have ever had to race in my career. It was fun because it was good, clean racing."

For the third time this season, Neal has finished third in a AC-Delco Challenge Series event, which equals his career best since winning Rookie of the Year honor in 1988. Neal is currently in sixth place in season's point chase and trails Tony Raines by 58 points for fifth place.

The series next travels to Toledo Speedway on Oct. 1 for the running of the Toledo 400.

## Chiefs plan clinics for fall

Lake County Chiefs youth baseball teams will be conducting five weeks of clinics on Sundays, starting Sept. 19 and ending Oct. 17.

Half of the clinic will be devoted to skills such as hitting, pitching, infield and outfield play. There will be an emphasis on base running, lead offs, bunting and more. The second half will be devoted to games with campers being divided into teams based on their abilities.

Camp director Art Mansavage will be helped by coaches from Trinity college at the camp at Clavey Field in Deerfield. Fee is \$60.

Age group will be nine through 12 year olds, and many of the players will be considered for spots on the Chiefs rosters next year. The Chiefs will field teams in the 10-13 year old age divisions. There is a possibility for more than one team per age group depend-

ing on interest. Chiefs play a spring and summer schedule ending in national tournaments. All three Chiefs teams were state champs last year.

Mansavage described the camp as low pressure with emphasis on fundamentals.

Chiefs are also conducting a fund raising raffle by offering cash prizes. For more information on the camp or fund raising, call Mansavage at 945-9606.

## Zur new Warhawk baseball coach

Ron Zur will be the new baseball coach at North Chicago High next spring.

"I'm very excited. It will be a challenge and a lot of work," Zur, of Libertyville, said.

Although this will be his first head coaching assignment, Zur is no stranger to the Warhawks. He coached the sophomores last year when the school

was about ready to drop the team. He coached seven of the Warhawks on a Bronco team from Waukegan which reached the state finals.

Key players from that team include Kendrick Williams, who achieved a hit in every game and Victor Gallegos.

The Warhawks varsity went 1-18 last year. Zur succeeds James Patterson.

## Lindenhurst traveling girls teams sweep season openers

It was a clean sweep as all five Lindenhurst Girls Traveling teams won their season openers on Sept. 12.

The U-15 Blitz dominated the Spirit team in Schaumburg with a 3-0 victory. Goal keepers Allison Earl and Jill Denoma combined for the shutout. After a scoreless tie at the half, Carrie Gofron scored twice and Becca Bleyer once to seal the win for the Blitz. Assists were awarded to Stacie Morley, Sondra Lorang and Bleyer. The regular season win streak for the Blitz is now 18 games.

The U-13 Power won 5-0 against the Wheaton Wings at Polley Field. The Power played good offense while the defense shut Wheaton down, allowing just two shots on goal. Two goals were scored

by Maureen Moran and Jamie Wismer, while Sarah Richardson added the final goal. Assists were awarded to Kristen Gamblin (2), Kristen Hungerland, Teri LaRouche and Jourdan Phillips.

The U-13 Stars, in their first season as a team, brought home a 3-1 win over Lake Forest. Tough defense and good net work by Megan Rinkerberger held off Lake Forest. Goals were scored by Mandy Fasano, Megs Kotlarz and Amy Carlberg.

The U-19 Enigma team faced Mt. Prospect at Polley Field and after taking an early lead, went on to an 8-0 win.

The U-11 Lightning team took on an exciting Darien team, coming away with a close 2-1 win.

## Libertyville girl golfers defeat Sequoit's best effort, 200-231

Kirsten Coroneos shot a meet best 48 to help the Libertyville Girls Golf team defeat the Antioch Lady Sequoits 200-231 at the Antioch Country Club.

Scoring well for Libertyville were: Becky Westly (50), and Laura Kendzerski and Sara

Warenski (51).

Scoring for Antioch were: Sarah Murphy (53), Heather Lafferty (57), Kelly Periman (59), and Sarah Rockow (64).

The Lady Wildcats then beat a talented Lake Forest team 210-212 at Village green Golf Club in Mundelein.

Libertyville's Stacey Siporin and Lake Forest's Rochelle Fetter shared the medalist honors.

Scoring for Libertyville were: Coroneos (52), Kendzerski (54), and Warenski (54).

The Lady Wildcat's record is now 6-1 on the season.

## Lindenhurst Youth soccer

The Lindenhurst Boys Youth Soccer season began on Sept. 12 with several winners.

The U-10 lost at home 2-1, while the U-11 team defeated Plainfield 4-1. The second U-11 team defeated its opponent 3-1 at home, while the U-12 team won its first two games 6-4 and 5-2. The U-13 team lost at home 4-0, while the U-14 team defeated its opponent in its opening game.

The schedule resumes this weekend with several games at Polley Field.

## Waterway officials to request money for Grass Lake project

by TINA SWIECH  
Lakeland Newspapers

The IEPA (Illinois Department of Environmental Protection Agency) in the state capital will be where four officials from the Chain O' Lakes Fox River Waterway Management Agency will travel this weekend, to discuss future programs and to ask for financial aid.

The re-creation of wetlands on the soft-bottomed Grass Lake has been proposed by the agency, and the component desired to be used are dredge

materials that have been gathered from the clearing out of the lakes.

Chairman Dr. William C. Dam, Executive Director Karen Kabbes, and Directors Bruce Bossow, Judy Martini, and Wayne Blake will travel to Springfield on Sept. 17, to the Department of Conservation and Water Resources to explain the necessity of the program and to request assistance for more pipe for the ongoing dredging project, among other equipment.

at flood plain property," said Houghton. "Approximately 25 percent of our property is in a flood plain."

Some residents were able to obtain relief this year. Homeowners could obtain forms to apply for a temporary reduction in property values if there was flooding damage.

Houghton suggests that if the property has been flooded to contact the Lake County Building and Zoning Department and the Health department to determine whether or not the land is buildable. The

assessed value of the property will be reduced if the land is not buildable.

"In order to get relief, homeowners must contact me," said Houghton. "We have helped a lot of people. We are very willing to work with the homeowner."

The number of the assessors office is 395-1545. Anyone interested in obtaining a buildability determination should call the Lake County Health Department's division of environmental health at 360-6740 and the Lake County Building and Zoning Department at 360-6330.

## School

(Continued from page 1)

Villa and Lindenhurst's growth, and we've heard the same complaint from Antioch," said Henneberry. "If the high school split, both the Lindenhurst/Lake Villa School and the Antioch school would be at 1,400 to 1,500 students. Antioch wouldn't have to add to the high school. Antioch District 34 wouldn't have to deal with Painted Lakes development."

Henneberry said a high school would help establish a community identity.

"For Lake Villa and Lindenhurst it would be the glue to hold the community together. People rally around a school district and in our area what do you focus on?" Henneberry said.

The group will be presenting their proposal to area school districts. It was to address Antioch High School District 117 at 7:30 p.m., Thursday.

To even proceed to get their own school district, the group must receive permission by the state, the regional district, the districts affected by the new district. Also a board of 10 must be set up and a bonding referendum must be approved before such a district can exist.

The group has spoken with superintendents of districts affected by the proposed district and reports they have been supportive of the idea. The state has pushed for unit districts since 1989 and state officials have indicated support for the plan, according to Henneberry.

"So far there have been more questions than we have answers," said Henneberry.

Joan Osmond, another member of the group, said they will be making presentations to affected school districts and finding out if there is enough support to go ahead with their proposal. "We need to sell the concept before we move ahead and get the additional

information. It will cost a lot of money to get the information needed," Osmond said.

The information the group needs to provide are how the assets of districts, including buildings, are to be divided up. To determine who gets what, the districts are going to have to take a

look at Equalized Assessed Valuation (EAV).

"The amount must be equitable and fair for Antioch, Lake Villa and Lindenhurst, Grayslake and Warren Township," Osmond said.

## Health board honors retiring O'Shea

"I was a Lake County Health Board holdover, again and again," said Alice O'Shea, R.N. "I've set a record—I've been on the board twice as long as anyone else. I've been involved a long time—from the very beginning in one form or another. It goes way back."

Last week, O'Shea was recognized by the board for her unprecedented 12 years of dedicated service. Lake County Health Department Executive Director, Dale Galassie, gave her a farewell hug

by CONNIE KINDSVATER  
Lakeland Newspapers

and a handsome plaque as he and Vice President of the Board of Health Rosie Harris, R.N., paid tribute to O'Shea and thanked her for her contributions to the health department.

"I don't look at this as a good-bye, because I know that Alice will still be involved with the health department," said Galassie. "However, we do want to take this opportunity to thank Alice for her many years of service to both the board of health and the health department."

"Actually, I was involved with the health department even before it was a health department," said O'Shea. "I was teaching student nurses during the '50s at St. Therese's Hospital in Waukegan, and had them go out to the various agencies as part of my class, Social Problems in Nursing."

"In 1956 my student nurses and I walked door to door talking to the citizens of Waukegan about how important a county health department would be. We really worked for the passage of the referendum for the health department to begin," O'Shea said, "and were thrilled when it happened."

Alice O'Shea receives an award of recognition from Dale Galassie, Lake County Health Department Executive Director.— Photo by Connie Kindsvater

O'Shea formally joined the board of health in 1981. During her 12 years on the board, she was one of the few persons to hold all three executive positions, serving as board secretary twice (1982-84, 1988-90), vice president twice, (1984-85, 1990-91) and president (1985-86).

During O'Shea's term as president, she spearheaded a year which saw three major developments in health department programs: the beginnings of the Women's Residential Program, the InTouch Substance Abuse

Prevention Program and the purchase of the Northeast Satellite in Zion.

"The highlight of my time as president of the board is probably the Women's Residential Program," said O'Shea. "When it started, it was one of only three in the country. It is located at Winchester House, even though I wish it could have been in a new building, designed especially for the program."

"It's a wonderful, caring program," O'Shea explained. "The mother comes in for treatment and is able to keep her children with her. It took forever to set it

up and begin because we had to get a license to care for both women and children."

"And, it was very exciting when the Zion facility opened," O'Shea recalled.

"Now," O'Shea explained, "the AIDS program is brand new—and so needed in Lake County. People won't have to make the long drive to Chicago for medical attention now, a drive that was very, very difficult for some people who were very ill."

"One thing does bother me—the way the Lake County Board of Health is set up," O'Shea revealed. "The law reads that there must be one dentist and two physicians, one of which must be a psychiatrist, on the board. There is no specific requirement that a nurse serve on the board, and yet the nurses are the hands-on people of the health department."

"Right now there are three active nurses on the board, but there is no guarantee that any nurses will be asked to serve on the board when these three leave," said O'Shea. "I'd like to see the law changed to include at least one nurse on the board."

O'Shea's nursing career in Lake County began in 1953 when she started teaching at St. Therese Hospital. When their school of nursing closed in 1969, O'Shea became a nursing home administrator in Zion. In 1975 she became Community Health Nurse Coordinator for the Great Lakes V.A. Hospital, a position she filled until she retired this year.

At V.A., O'Shea made sure that the veterans placed in nursing homes got the care they needed. "Very caring people work at the V.A.," said O'Shea. "The

## Toxin study at Rush to treat essential tremor

Neurologists at Rush-Presbyterian-St. Luke Medical Center are seeking men and women with essential tremor, a common movement disorder characterized by involuntary muscle twitching, usually of the hands. Volunteers will participate in a nationwide study to determine the effectiveness of BOTOX (botulinum toxin type A) for treating essential tremor. Rush is the only site in Chicago conducting the study.

"More than half a million people are affected by essential tremor and 15 percent of those people will be disabled by the disorder," says Cynthia Comella, MD, assistant attending in neurological sciences and internal medicine, and principal investigator for the Rush study. "The purpose of this study is to evaluate the benefit of the botulinum toxin, determine the most effective dose and note any adverse effects."

Food containing botulinum toxin can cause food poisoning, called botulism. But, when properly prepared, the toxin can be safely injected into muscles. The toxin produces a temporary weakness in the affected muscles. The injection of this drug is being used in an attempt to reduce the quivering. Essential tremor can also be treated with other medications or surgery, but not all patients respond to such treatments.

In the study, participants will make 10 outpatient visits to the Medical Center over four months. During the initial visit, investigators will evaluate volunteers' tremors. In the second visit,

participants will receive an injection of either the toxin or an inactive liquid. Investigators will then note changes in tremors during participants' eight follow-up visits. Side effects may include weakness and fatigue, and soreness at the injection site.

Botulinum toxin has been used successfully in the treatment of crossed eyes and involuntary closing of the eyes. Since 1987, researchers at Rush have also used the toxin to treat dystonia, another movement disorder.

The essential tremor study is open to men and women, age 18 and older, who are not currently being treated or who are not satisfied with the effectiveness of their medications. Before acceptance into the study, volunteers must be willing to stop taking medications they are currently using to control tremor. Participants are not eligible if they received prior injections of the toxin, have dystonia, Parkinson's disease or an anxiety disorder, or are using lithium, antiasthmatic or antidepressant medications. Women are not eligible if they are pregnant, nursing or planning a pregnancy.

Once accepted, participants will receive free medications, procedures and examinations. Upon completion of the study, all volunteers will be eligible to receive the toxin at no cost for one year.

For more information about the study, contact Jeana Thalen, RN, in the Section of Movement Disorders at Rush at (312)942-4500, between the hours of 9 a.m. to 5 p.m.

### Bridge Marathon

The Auxiliary of EHS Good Shepherd Hospital now is signing up individuals for its annual bridge marathon. Participants will enjoy 18 hands of bridge starting in October. The fun will culminate in an all-day luncheon next May. All proceeds benefit the auxiliary. For more information or to join, call Lois Gaskill at 381-0587 by Sept. 1.

### Walk-a-Thon

Get out those walking shoes. As-

sisi Animal Foundation is sponsoring its third annual Walk-a-Thon on Saturday, Oct. 2 to benefit its animals at their cageless no-kill shelter in Crystal Lake. The 6K walk will take you through the beautiful countryside at Moraine Hills State Park in McHenry off River Road, just north of 176. Canine walkers are welcome on a leash. The walk will begin at 10 a.m. from the White Tail Day Use area. Sign-up will begin at 9:30 a.m. Please call to sign up or sponsor a walker. Call Lori McCormack at (815)356-6024 or (815)455-9411.

## Retiree

(Continued from page 59) services for veterans are increasing, and the quality of service is increasing; it makes you feel good."

When asked what she will be doing now that she is retired, O'Shea replied, "Well, I can't just sit." She will continue to serve on the Ombudsman Program Advisory Committee for Long-term Care for Catholic Charities in Lake County and is involved with the Lake County League of

Women Voters. "They're going to study the Lake County Health Department," said O'Shea, "and I will help with the history."

"The Lake County Health Department is

large," said O'Shea, "but every group is so caring and giving of themselves. I want people in Lake County to realize that the staff at the Health Department are such caring people—they are the best you can get."

## FOOT FACTS From The FOOT DOCTOR

Dr. Winters

**Dr. Griff J. Winters & Assoc.**  
Specializing in Reconstructive Foot & Ankle Surgery

### PLANTAR WARTS

Warts are caused by a virus infection and are often mistaken as corns and calluses. Warts on the bottom of the foot penetrate deep under the skin like a mushroom, because of pressure in standing. Unlike corns and calluses, the center encapsulated area usually has rust-colored spots that are small blood vessels and nerves that supply the wart. For this reason warts are more painful with side to side pinching.

Warts are contagious to susceptible people and are usually found in adolescents. If the plantar wart is small and discovered early, prescribed chemical agents often times are all that are needed. For large or resistant warts, we often time use Laser surgery that gives good results with minimal discomfort. This is done on an out-patient basis and the patient loses no time off his feet.

If you have the above symptoms or any other foot discomfort, you may contact Dr. Winters for a NO COST CONSULTATION to see if there may be an answer to your foot pain.

**Parenting Your Parents:  
The Challenge of Caring for an Older Adult**

Wednesday, September 22, 1993 7-8 p.m.

Presented by:

William W. Lee, Ed.D., ABMP, Staff Psychologist, Saint Therese Medical Center and  
Linda DuBois, R.N., Staff Nurse, Home Health Services

Ninety-five percent of older persons live in the community and wish to remain independent as long as possible. Aging, intellectual changes, chronic illness, role changes, retirement, isolation and loss are just a few of the transition problems this population faces.

This presentation is to help primary caregivers understand the problems and needs of the older adult, and to help these caregivers assist in teaching them to change, and to take control of their lives. Dr. Lee is a staff psychologist with Saint Therese Medical Center, and is in private practice in Waukegan. Linda DuBois is a staff nurse with Saint Therese Home Health Services.

For more information or to register, call ASK-A-NURSE®, 244-5900.

## Walk to Remember' scheduled at EHS Good Shepherd Hospital

The RTS Bereavement Services at EHS Good Shepherd Hospital will host its second annual "Walk to Remember" on the hospital grounds at 2 p.m. Sunday, Oct. 3.

The walk, held during National Pregnancy and Infant Loss Awareness Month, is dedicated to the approximately 777,000 babies in the United States who die each year at birth or before reaching term. Hundreds of parents, health professionals and interested persons across the country will participate in the walk.

"The Walk to Remember" symbolically joins all persons nationwide who are working to raise awareness of prenatal grief and ensure that sensitive care is given parents who experience the death of a baby," said Cindy Kaligoric, R.N., coordinator of RTS Bereavement Services at EHS Good Shepherd.

The hospital's walk will include a walk around the lake in front of the hospital and a memorial service. Refreshments also will be served.

Area residents are invited and encouraged to attend. For more information, call Cindy Kaligoric, Barbara Flynn or Debbie Danielson at EHS Good Shepherd Hospital, 381-0123, ext. 5520.

RTS Bereavement Services is a parent support group that meets from 7 to 8:30 p.m. the first Monday of each month at EHS Good Shepherd. The program assists families who have experienced miscarriage, ectopic pregnancy, stillbirth and newborn death.

EHS Good Shepherd Hospital, which is part of EHS Health Care, is located north of Barrington on Hwy. 22, two miles west of Route 59.

## Bridging the generation gap

Over 75 attendees of the First Lake County Generations Connect Conference, held at the College of Lake County in Grayslake, heard from various social services throughout Lake County talk about some very exciting programs in an effort to bridge the "generation gap."

Fighting Back project staff had an opportunity to share information on substance abuse and the effect it has on families as it impacts members of each generation in some

way. Intergenerational impact is a serious topic. For more information on this topic contact Laurel Dahl at Lake County Fighting Back, 546-7144.

Having Victory Memorial Hospital and its affiliates close by is like having an old friend in the neighborhood. Many excellent physicians here have treated generations of families, and new doctors continue to join our medical staff. They choose Victory because of its fine medical and surgical capabilities. Victory is a "people place" — a technologically advanced resource for the community that cares about the total health and wellness of its residents.

### Hello, Dr. Welby.

Years ago, doctors from Victory took their black bags and went out into the community to help patients. Today, people visit their doctors and expect the same type of

### From nose to toes.

Victory is a full-service community hospital. Our medical staff includes 220 physicians in over 25 specialties. From primary care physicians, such as internists and family care practitioners, to ophthalmologists and neurosurgeons, Victory prides itself on its medical staff. For a serious illness or an annual physical, physicians who practice at Victory offer sound health advice and high quality medical care close to home.

### Mammogram special offered

Throughout Breast Cancer Awareness Month, October, Wellspring Women's Health Care, 825 N. Quentin Rd., Palatine, will provide mammograms at a special price.

The breast screening is being offered for \$80. Mammograms at Wellspring are done by Linda Campbell, a registered radiologic technologist who is certified in mammography.

For more information, call Wellspring at 705-6700.

Wellspring is affiliated with EHS Good Shepherd Hospital, which is part of EHS Health Care.

## WE GET LETTERS...

### Many thanks.

Over the years, Victory has received letters from satisfied patients writing to praise a particular doctor on our medical staff who has gone "beyond the call of duty."

To patients and friends we say, "Keep writing." We enjoy hearing from you and rely on feedback from the community in order to continually provide the service that you deserve.
